THE EVERPURE SELECT SERIES ADVANTAGE

COMMERCIAL GRADE: Robust metal construction not susceptible to leaks like plastic filtration systems.

RECYCLABLE, SUSTAINABLE, GOOD FOR THE ENVIRONMENT: Easily recycled versus plastic filtration systems. Enjoy bottled water quality without all of the empty plastic bottles or wasted water.

SANITARY, QUICK-CHANGE DESIGN: Annual Cartridge replacements as easy as changing a light bulb.

NSF CERTIFICATION: All Everpure Select Series Products are certified by NSF International.

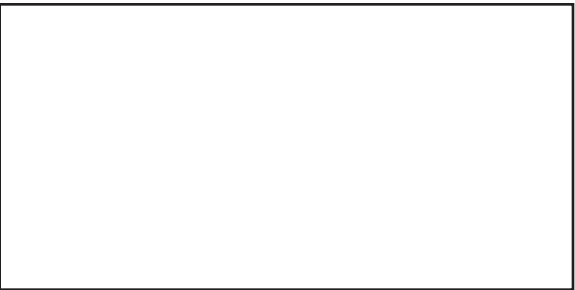

GREAT TASTE: Rated at the highest levels for the reduction of off-taste, odor, chlorine and particulate reduction.

RETAINS VITAL MINERALS: Retains vital minerals to ensure the healthiness and delicious taste of your family's water.

GOOD FOR YOUR FAMILY'S APPLIANCES: Protects your appliances from the build-up of limescale.

GOOD FOR YOUR FAMILY'S HEALTH: Protects against asbestos, lead, cysts, and various chemicals - Some Everpure Systems even remove bacteria and viruses!

GOOD FOR YOUR FAMILY'S FINANCES: At only pennies per gallon!

SELECT SERIES DRINKING WATER SYSTEMS

H-300-NXT - Select Series

- **Separate Filter Faucet Required**
- **Provides Enhanced Bacteriostatic Control**
- **Reduces Volatile Organic Chemicals (VOC's, THM's)**
- **Enhanced Filtration Capacity**
- **Meets New NSF 401 Emerging Contaminants Standard**
- Commercial Grade / Robust Metal Construction
- Recyclable, Sustainable, Good for the Environment
- Sanitary, Quick-Change Design
- NSF Certification
- Great Taste – Removes Off-tastes, Odor, Chlorine
- Retains Vital Minerals
- Protects Appliances from Damaging Scale
- Good for your Family's Health
- Good for your Family's Finances

EF-6000 - Select Series

- **No Additional Faucet Required**
- **Provides Enhanced Bacteriostatic Control**
- Commercial Grade / Robust Metal Construction
- Recyclable, Sustainable, Good for the Environment
- Sanitary, Quick-Change Design
- NSF Certification
- Great Taste – Removes Off-tastes, Odor, Chlorine
- Retains Vital Minerals
- Protects Appliances from Damaging Scale
- Good for your Family's Health
- Good for your Family's Finances

EF-3000 - Select Series

- **No Additional Faucet Required**
- Commercial Grade / Robust Metal Construction
- Recyclable, Sustainable, Good for the Environment
- Sanitary, Quick-Change Design
- NSF Certification
- Great Taste – Removes Off-tastes, Odor, Chlorine
- Retains Vital Minerals
- Protects Appliances from Damaging Scale
- Good for your Family's Health
- Good for your Family's Finances

EF-1500 - Select Series

- **No Additional Faucet Required**
- Commercial Grade / Robust Metal Construction
- Recyclable, Sustainable, Good for the Environment
- Sanitary, Quick-Change Design
- NSF Certification
- Great Taste – Removes Off-tastes, Odor, Chlorine
- Retains Vital Minerals
- Protects Appliances from Damaging Scale
- Good for your Family's Health
- Good for your Family's Finances

LEGACY SERIES DRINKING WATER SYSTEMS

H-1200

- **Separate Filter Faucet Required**
- **Provides Enhanced Bacteriostatic Control**
- **Reduces Volatile Organic Chemicals (VOC's, THM's)**
- Commercial Grade / Robust Metal Construction
- Recyclable, Sustainable, Good for the Environment
- Sanitary, Quick-Change Design
- NSF Certification
- Great Taste – Removes Off-tastes, Odor, Chlorine
- Retains Vital Minerals
- Protects Appliances from Damaging Scale
- Good for your Family's Health
- Good for your Family's Finances

H-54 / H-104

- **Separate Filter Faucet Required**
- Commercial Grade / Robust Metal Construction
- Recyclable, Sustainable, Good for the Environment
- Sanitary, Quick-Change Design
- NSF Certification
- Great Taste – Removes Off-tastes, Odor, Chlorine
- Retains Vital Minerals
- Protects Appliances from Damaging Scale
- Good for your Family's Health
- Good for your Family's Finances

WATER APPLIANCES

Polaria™ Commercial Grade Water Chiller

- Commercial grade chiller delivers up to 1.3 gallons of icy cold water per hour
- Whisper quiet compressor
- Ozone friendly

Solaria™ Commercial Grade Instant Hot Water Dispenser

- Commercial grade instant hot water dispenser delivers piping hot water at 190°
- Insulated 5/8 gallon tank delivers up to 100 cups per hour
- Self-resetting thermal fuse

REVERSE OSMOSIS FILTRATION SYSTEMS

ROM IV REVERSE OSMOSIS SYSTEM

- **Separate Filter Faucet Required**
- Three Stage Filtration System
- 14 Gallon Per Day High Recovery Reverse Osmosis Membrane
- Compact System Fits Under Your Kitchen Sink
- Designed for Chlorinated on Non-Chlorinated Water Supplies
- Sanitary Cartridge Replacement is Simple, Quick and Clean
- Filtration Faucet is Included
- Most Efficient Technology Available on the Market Today

WHOLE HOUSE FILTRATION

T-20 Whole House Premium System

- **No Additional Faucet Required**
- Commercial Grade / Robust Metal Construction
- Recyclable, Sustainable, Good for the Environment
- Sanitary, Quick-Change Design
- NSF Certification
- Great Taste – Removes Off-tastes, Odor, Chlorine
- Retains Vital Minerals
- Good for your Family's Health
- Good for your Family's Finances

E-SERIES WHOLE HOUSE / PRE-FILTER SYSTEMS

E-Series

- **In addition to the installation of the E-20 the manufacturer recommends the installation of an Everpure point-of-use system under your kitchen sink for your drinking and cooking water applications.**
- The E-Series Sediment Systems with 10 micron filtration protect appliances, plumbing and faucets by removing dirt, sediment and grit from the water.

DRINKING WATER FAUCETS

- The sleek, versatile design of Everpure's filter faucets are available in four striking styles and various finishes
- Lead-free, forged brass construction with ceramic disc type valve
- Aerator tip provides an even, clear stream of filtered water; 0.5 GPM flow
