THE BEAUTY OF THE UNEXPECTED

At the heart of Robern is a belief that the best things in life are unexpected, which is why we treat everything we craft — from mirrors to vanities, from medicine cabinets to lighting collections — as an opportunity to go above and beyond what anyone might expect. It's the implementation of thoughtful and surprising design, technology and quality materials that can truly turn a product into a meaningful, highly personalized experience. And to us, there's nothing more beautiful than that.

IN THIS ROOM Cartesian® 108" wide vanity in Satin White with tip out, plumbing and full drawers, night light in selectable 2700K/4000K temperature; Custom top; Custom lighted mirror

IN THIS ROOM Uplift® Tech 30" wide medicine cabinet with perimeter light pattern in 2700K color temperature, dimmable, Matte Black handle, electric, night light and defogger; Profiles® 36" wide vanity in Satin Bronze with Matte Black finish, plumbing and full drawer and selectable night light in 2700K/4000K temperature; Custom top

TRANSFORMATIVE TECHNOLOGY

When it comes to technology, it's not necessarily about what's trending. To us, the most successful technology serves an authentic and lasting purpose. Being mindful of your evolving needs in a time-pressed culture has fueled our pursuit of the perfect features. So every one is thoughtfully designed and meaningfully incorporated — all with an eye toward transforming your routine, your space and your experience in unexpected and delightful ways.

TRANSFORMATIVE FEATURES

OM® AUDIO

Turn your mirror into a personal audio system. Unlike traditional speakers that provide unidirectional sound, OM Audio lets your music resonate through the entire mirror, creating a richer, fuller audio experience. Connect your mobile device using high-fidelity Bluetooth® audio to listen to your favorite music tracks.

TUNABLE LIGHTING

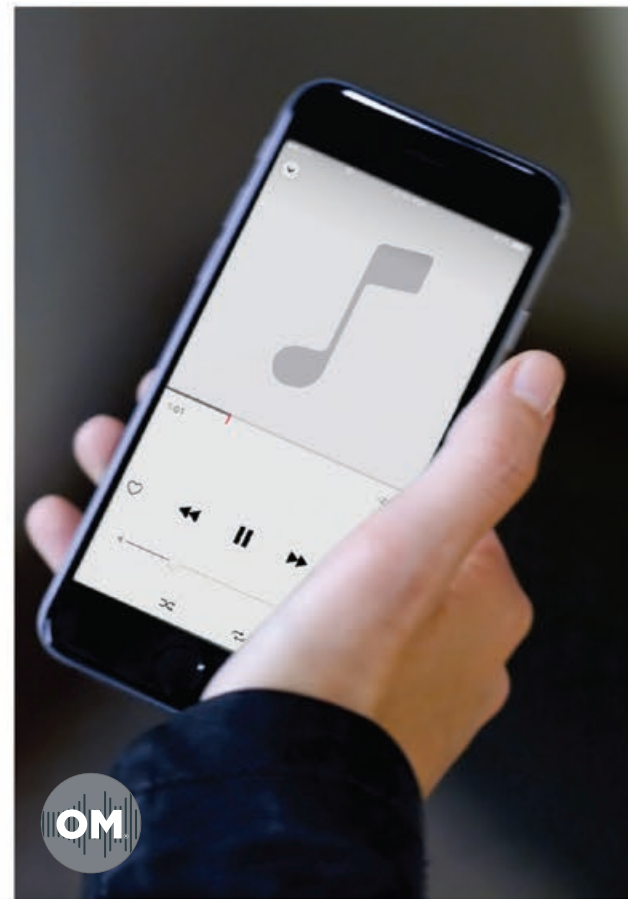

Variable lighting option lets you fine-tune your color temperature between warm (2700K) and cool (5600K) tones for Profiles® lighting and between warm (3000K) and cool (4000K) tones for InLine lighting.

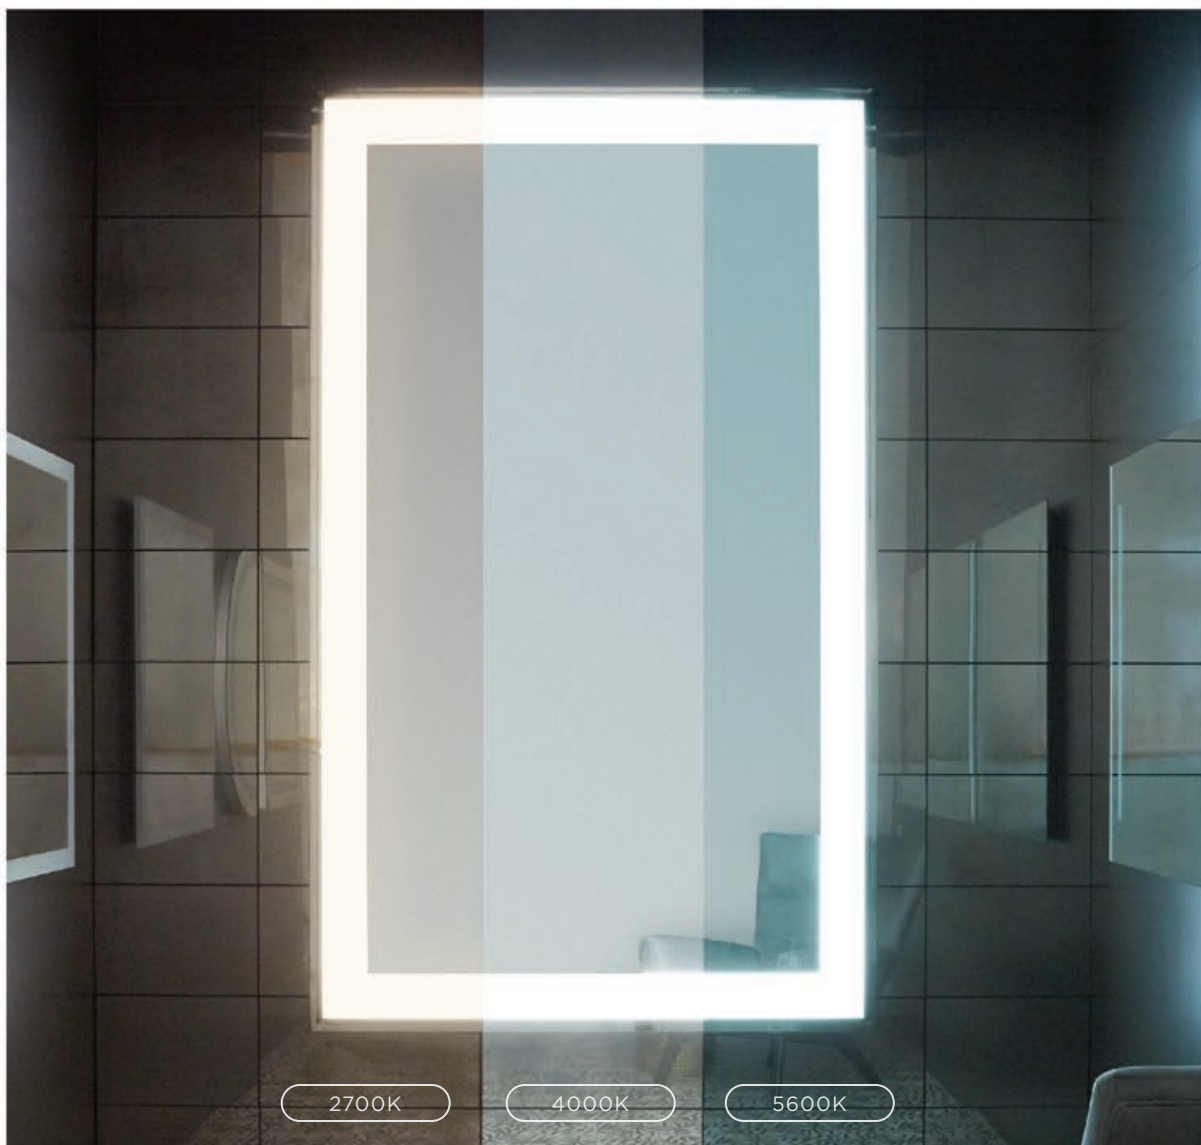

DEFOGGER

Defogging technology ensures a clear reflection, so a steamy shower won't slow down your mornings.

USB/ELECTRICAL OUTLETS

Power when and where you need it most, with the added benefit of integrated USB ports to conveniently charge your mobile and media devices.

TAILOR-MADE SOLUTIONS

Since we introduced our modular cabinetry and lighting nearly three decades ago, we've gone on to design thoughtful, unexpected solutions for a range of luxury bathroom projects. Because we understand that just as each customer has unique needs, so does each space. Across residential and commercial, our philosophy continues to build on the guiding principles of modularity and quality — transforming every design vision into a reality all its own.

MEDICINE CABINETS THAT MAXIMIZE SPACE

The highest expression of function and modularity, the M Series line of medicine cabinets offers unparalleled storage and can be configured in numerous ways. Whether the cabinets are ganged together or mounted independently, the option of adding lighting and customized interior features brings unparalleled flexibility in designing a space.

VANITIES WITH VERSATILITY

Between the Cartesian® and Profiles® collection of vanities, the possibilities are practically endless. Known as the world's most accommodating vanity, Cartesian allows for customization in size, color, drawer count and unique interior features. A full-suite solution with lighting and mirrors, Profiles can be paired to custom-fit any styling space and streamline any routine.

DESIGN IS IN THE DETAILS

Our versatility doesn't stop at the surface. By looking inside each product, we can craft moments that allow imaginations to run wild — sparking the joy that comes with possibility. From integrated night lights to custom organization kits to in-drawer electrical outlets, no detail goes unnoticed. No touch is too small. Nothing is overlooked in our mission to engineer the unexpected.

LEADING-EDGE DESIGNS

At Robern, we have a long history of designing for taste makers. People with an elevated sense of style. People who want this distinction reflected in the pieces that occupy their spaces. People like you. With our growing design team at Robern, we're harnessing the desire for bespoke and unique belongings and using it to inform how we craft product exteriors — creating exciting advancements to marry our superior technology with leading-edge design.

How To Make A Return

Email a note requesting an RGA to your Customer Delight Team at Robern with the following:

- Model and serial number of the product
- Copy of the invoice to verify date and purchase price of the product

Email – reference page 25

Return product along with a copy of the RGA and RGA # written on the carton. Product must be received in original packaging. Once received at Robern, the product will be inspected and credit issued. The product must arrive at Robern in A-1 condition to receive credit.

Safe Arrival Policy

Robern takes every reasonable precaution against breakage or other damage in transit. It is the Buyer's responsibility to inspect products upon delivery for transit damage and/or shortage. If damage or shortage is detected, it should be duly noted on the bill of lading prior to signing for the merchandise. Buyer must then contact Robern to determine if the product can be repaired with replacement parts or returned to Robern in exchange for a new unit.

Please do not refuse delivery of damaged product.

Warranty/Terms and Conditions/Care and Cleaning

Limited Warranty, One-Year Term

Robern warrants to the original purchaser that it will, at its election, repair, replace, or make appropriate adjustment to products made by this company shown to have significant defects in material or workmanship which are reported to Robern in writing within one (1) year from the date of delivery. Robern is not responsible for installation costs.

The warranty time period for operating components including door hinges and opening devices to the original owner extends beyond the one-year term.

The warranty is void in the event the product is damaged in transit, or if damage or failure is caused by abuse, misuse, abnormal usage, faulty installation, damage in an accident, improper maintenance, or any repairs other than those authorized by Robern. At the expiration of the one-year warranty period, Robern shall be under no further obligation under any warranty, expressed or implied, including the implied warranty of merchantability.

Robern shall not be liable for any consequential damages arising out of or in connection with the use or performance of its products. Some states do not allow limitations on how long an implied warranty lasts or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Any liability against Robern under any implied warranty, including the warranty of merchantability, is expressly limited to the terms of this warranty.

Permission to return any merchandise under this warranty must be authorized by Robern and returned prepaid by the purchaser.

Claims under this warranty should be sent directly to your dealer.

Terms and Conditions

Conditions of Purchase

Robern products are built to order. Products shipped and received in accordance with customers accepted orders are non-refundable. Certain products are non-cancelable once orders are processed:

- Essentials Palette (Stock Colors), Classic Palette and Inspire Palette (Special Order Colors): Vanities, M Series Decorative Cabinets, Surface-Mount Kits and Side Kits
- Purchase orders cannot be adjusted after 48 hours

Payment Terms

- Payment Terms: Net 30 days.
- Free Freight Allowed on Dealer orders greater than \$1500 net.
- Free Freight Allowed on Distributor orders greater than \$8000 net.

Care and Cleaning

How to Clean:

Robern products are constructed of mirrored glass and aluminum. A 50/50 solution of water and isopropyl alcohol is recommended for cleaning the mirrors. Ammonia or vinegar-based cleaners can damage mirrors. A mild detergent may be used on the surfaces. Do not use abrasive cleansers on any part of the cabinet. Use only a soft damp cloth to clean. When cleaning, spray the cloth, not the cabinet, mirror or surrounding surfaces.

WHAT'S NEW / VITALITY® MEDICINE CABINET

DRESS UP A ROOM WITH LIGHT

The Vitality medicine cabinet offers a quality lighted medicine cabinet at an affordable price, making the selection easy with a simple offering — 4 options from 30" to 40" high — all equipped with dimmable integrated lighting and integrated electrical ports.

QUALITY OF LIGHT

Available in a 3000K color temperature that replicates indoor lighting, the Vitality medicine cabinet provides bright, even task lighting that eliminate dark shadows to help you prepare for your day and wind down in the evening with a remarkably accurate color rendering of 90+ CRI, so you can see your truest reflection.

CONVENIENCE

With our Vitality medicine cabinet, experience light control when you need it with dimmable LED task lighting to 1%, letting you select the ideal brightness for any task using a standard dimmer that works with existing wiring. An in-cabinet outlet with 2 plugs provides power when and where you need it most for items such as electric razors and toothbrushes.

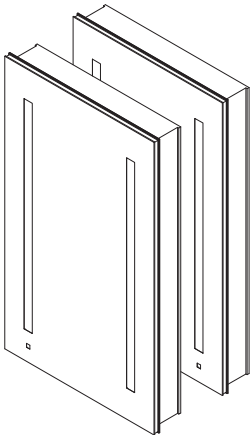

WHAT'S NEW / PROFILES® 48" HIGH MEDICINE CABINET

FOR THE MOST OPTIMAL STORAGE SOLUTION

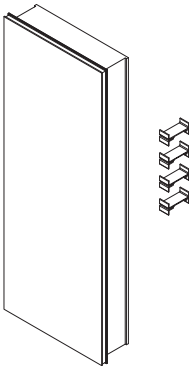

With our Profiles 48" high medicine cabinet, you can add even more storage to your bathroom space and an even bigger statement with more mirror. The bold metal frame makes a stunning first impression, while the clever storage solutions within — like integrated outlets, USB charging ports and a magnetic tool holder — create a lasting impact.

Tips & Features

Dimensions & Weight

- Width:
24" (610 mm)
30" (762 mm)
36" (914 mm)
48" (1219 mm)
- Height: 27" (686 mm)
- Depth: 6" (152 mm)
- Net Weight: 80 – 100 lbs

Features & Benefits

- Unique vertically opening, no-swing door allows for unobstructed installations
- Position-hold door-opening mechanism lets you open the door as low or as high as you need
- Aluminum handle for effortless two-finger lifting; upgrade to match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black
- Lighted option provides warm, relaxing tones (2700K) that replicate indoor lighting
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Light direction and output eliminate dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring
- The night light provides a soft light that illuminates to help locate items in the middle of the night. Programmable night light in 12-hour increments. Press the button to turn the night light on/off without affecting the programming

Features & Benefits (Continued)

- Defogging technology ensures a clear reflection. Turn on with a push of a button and built with a 45 minute timer. An LED indicator light lets you know that the defogger is turned on.
- Power when and where you need it most, the electric column features two USB charging ports and two 15A, 120VAC tamper resistant outlets (3 plugs), to provide power for items such as electric razors and curling irons
- Sensor controlled, low wattage interior LED light
- Consistent color throughout the cabinet with warm 2700K for task lighting, interior illumination and night light
- Cantilever Shelving: clean interior due to "hidden" shelf adjustments
- Dry space or wet space applications
- Able to do behind faucet installation due to vertical opening of cabinet
- Task lighting can be operated using standard Triac/Phase-cut residential dimmers and defogger and night light can be hardwired or operated using standard switches, available separately through electrical supply and home improvements centers
- Energy efficient LEDs with an estimated life of 53,000 hours
- Meets ADA requirements for door opening force for sliding doors
- Installed as a single unit or ganged together for a multiple cabinet installation
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2, No. 250.0

Tips & Features (Continued)

Configurable Options

- Styles: No Lighting, Perimeter Lighting
- Electrical Packages: Non-Electric, Electric or Electric, Night Light and Defogger
- Handle Options: Anodized Aluminum, Chrome, Polished Nickel, Matte Gold, Matte Black

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Interior mirror
- 2249 cubic inches (36,847 cc) storage capacity for a 30" cabinet with split compartment for maximum flexibility
- 1/4" (6 mm) thick adjustable clear glass shelves; adjustable shelving at 1" (25 mm) increments: 6 shelves (24" W will include 3 shelves)
- Salt Spray Testing: ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cast Testing: copper test (simulate whole life of product) – accelerated age testing

Installation

- This installation may require more than one person
- Recessed, semi-recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed (frame and handle project 1-7/16" [37 mm]), semi-recessed 4" (102 mm) in wall (cabinet, frame and handle project 3-1/8" [79 mm]), or surface mount (cabinet, frame and handle project 7-1/8" [181 mm])
- Aluminum top and bottom kit for surface mount installations is required when top or bottom is visible
- Task Lighting/Dimmer recommendation: C•L® Dimmers or Caseta Wireless from LUTRON®
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer
- Need 22-1/4" ceiling clearance when installing; fully open cabinet is 31-3/4" high
- Improved serviceability: troubleshooting and repairs can be performed while the unit is installed

Accessories

- Handle Upgrades: (UHANDLE__)
- Side Kits:
Surface-Mount (USMK27D6P),
Semi-Recessed (USMK27D6SRP)
- Top and Bottom Kits:

AiO® Cabinets – Tips & Features

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body
- 3 mirror design – rear of cabinet and both sides of door
- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area in the rail with cabinet to house magnetic tool holder

Installation

- This installation may require more than one person
- Install as a single unit or gang together for a multiple cabinet installation
- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a surface-mount kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4" deep
- Single field wire into electrical shelf – front access serviceability
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.

Accessories

- Safety Lock Box (SLB24D4), 24" W cabinet only

- Power when and where you need it most, the in-cabinet outlet provides one 15A, 120VAC outlet (2 plugs) for items such as electric razors and toothbrushes
- Customize around your own needs with a modular design. Install as a single unit or gang together for a multiple cabinet installation
- Energy efficient LEDs with an estimated life of 53,000 hours

Features & Benefits (Continued)

- Available with optional razor/phone holder and 3 tier trays to house small items such as eyeglasses, contact lens cases and cosmetics
- Add an optional magnification mirror to perform detailed tasks: Pull-Out Magnification Mirror magnifies at 3x and retracts neatly into the cabinet, Swing-Out Magnification Mirror magnifies at 2x and is installed on the door, in between shelves
- Optional Safety Lock Box with secure keylock storage for personal items, other valuables and medicines to keep out of the reach of children
- Optional Glass Bins to store cotton balls, swabs, hair accessories and other bath necessities in a non-toxic, 100% recyclable and reusable stylish canisters that offer strength, weight and compatibility for damp spaces and stand up to wear
- Two optional opening accessories are available: The polished stainless steel handle is a chrome look and the position of the handle can be customized to your needs. The push-to-open mechanism is gray and provides an alternative to those who prefer the function over using the door pull
- Ideal for ADA applications
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2 No. 68

Vitality® Cabinets – Tips & Features

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body ensure a quiet, moisture-and dust-resistant interior
- Quality polished edge mirror
- 3 mirror design – rear of cabinet and both sides of door – simplifies your styling routine with the ability to access your personal items and use the mirror at the same time
- Concealed finger pull surrounds the door edge for ease of opening
- Blum self-closing hinges provide a door opening angle of 170 degrees (110 degrees with provided stop)
- Configure the interior of your cabinet to accommodate essential items of varying heights, from electric toothbrushes to your favorite fragrance, with 1/4" thick adjustable clear glass shelves that can adjust in 2-inch increments: 3 shelves for 30" H, 4 shelves for 40" H
- Salt Spray Testing: ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cast Testing: copper test (simulate whole life of product) – accelerated age testing
- Secure placement: Independent lab testing of cabinet mounting to ensure that it meets the standard for safety

Installation

- This installation may require more than one person
- Compatible with most Triac/Phase-cut dimmers, available separately through electrical supply and home improvement centers
- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a surface-mount kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4" deep
- Single field wire into electrical shelf – front access serviceability
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.

Accessories

- Safety Lock Box (SLB24D4)

- Height: 30" flat (762 mm), 34" arch (864 mm), 39-3/8" flat (1000 mm), 43-3/8" arch (1102 mm), 70" flat (1778 mm)
- Depth: 4" (102 mm), 6" (152 mm), 8" (203 mm) (12" W cabinets available only in 4" & 6" depths)
- Net Weight (Lbs): 26 – 165 lbs

Features & Benefits

- Most feature-rich cabinet on the market
- Flat Top available in 3/4" bevel or polished edge mirror door
- Arch Top in 3/4" bevel edge mirror door
- Sensor controlled interior LED light (E2, E4)
- Programmable night light (E4)
- Built-in mirror defogger prevents steaming. Turn on with a push of a button and built with a 45 minute timer (E4)
- Electric option includes one USB charging port and one 15A, 120VAC outlet (2 plugs)
- 8" deep, 70" H cabinets include chrome wire basket
- Includes magnetic tool holder (except 12" W electric options), razor/phone holder and 3 tier tray
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2 No. 68

Configurable Options

- Cabinet Styles: Flat Top, Arch Top, Full Length
- Edge Type: Polished edge or bevel edge for flat top. Arch top is bevel edge only.
- Hinge Options: left or right hinge
- Electrical Packages: non-electric, electric (E2) or electric, night light and defogger (E4)
- Decorative Glass Options: mirror, 12 decorative gloss and matte finishes

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body
- 3 mirror design – rear of cabinet and both sides of door

Construction (Continued)

- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area provided in the rail of the cabinet
- Arch doors extend 4" above cabinet

Installation

- Recessed, semi-recessed or surface-mount installation (6" and 8" deep cabinets can be semi-recessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4" deep
- When ganging two or more 70" H full length cabinets, the use of a MHANDLEKIT or MPUSHKIT on one cabinet is required.
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.
- All cabinets require the customer to select the hinge side for their cabinet: Left or Right = hinge side when facing cabinet.

Accessories

- Safety Lock Box (SLB-*) – not for use with 12" W cabinets
- Entice® Magnification Mirror (ENTICE, ENTICEDOCK)
- Pull-Out Magnifying Mirror (POMM)

Main Line Framed Cabinets – Tips & Features

Dimensions & Weight

- Width:
15-3/8" (391 mm)
19-3/8" (492 mm)
23-3/4" (594 mm)
- Height:
30-1/16" (764 mm)
39-3/8" (1000 mm)
- Depth:
4" (102 mm)
6" (152 mm)
- Net Weight (Lbs): 36 – 60.8 lbs

Features & Benefits

- Available in three uniquely designed frame profiles: Bryn Mawr®, Merion®, Rosemont®
- Frame profiles available in six metal finish options
- Electric option includes one 15A, 120VAC outlet (2 plugs)
- Pair with Main Line Sconces for a coordinated look
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2 No. 68

Configurable Options

- Cabinet Style:
Bryn Mawr, Merion, Rosemont
- Finish Options: six metal finishes
- Hinge Options: non-handed, left or right hinge
- Electrical Packages: non-electric or electric

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body
- 3 mirror design – rear of cabinet and both sides of door
- Concealed finger pull-door edge
- 3-way adjustable concealed hinge system: door opening angle 130 degrees
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H

WHAT'S NEW / VESPER™ VERTICAL LIGHTING

DESIGN WITH LIGHT

Add a soft, subtle light to your styling space with the new Vesper vertical lighting. With a slim minimalist aesthetic and gangable design, this modular collection lets you easily integrate gentle elegant light with your cabinet.

VARIED STYLING

Vesper vertical lighting is offered in three distinct styles: Edgeline, Outline, and Midline. Select a light pattern that suites your design best.

MODULAR VERSATILITY

No matter your layout, you can enjoy beautiful lighting in your styling spaces and an artful look in any environment. Vesper vertical lighting is designed to be a flexible and modular addition to both M Series or PL Series cabinets where they can be seamlessly ganged to fit and meet the needs of any design challenge.

DECORATIVE AMBIANCE

With soft tones (3000K) and stunningly accurate color rendering, Vesper vertical lighting brings an elegant light to your cabinet. A warm glow washes the wall adding an interesting design detail. Powered by dimmable LEDs, Vesper's brightness can be easily controlled by a standard residential dimmer that works with your home's existing wiring.

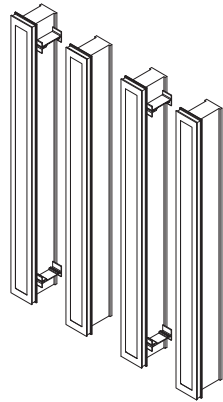

IN THIS PHOTO InLine 3½" × 40" lighting with variable temperature (tuning from 3000K to 4000K);
M Series 20" × 40" medicine cabinet with electric, night light and defogger

Vesper™ Vertical Lighting – Table of Contents, Tips & Features

NEW!

Table of Contents

Vertical Lighting Ganging Reference	143 – 144
Vesper Vertical Lighting	146 – 147

Tips & Features

Dimensions & Weight

- Width: Edgeline = 1-3/8" (35 mm), Midline and Outline = 2-3/4" (70 mm)
- Height: 30" (762 mm), 39-3/8" (1000 mm)
- Depth: 4-5/8" (117 mm) surface-mount, 15/16" (24 mm) when recessed
- Net Weight: 6 – 9 lbs

Features & Benefits

- Seamless and flush aesthetic creates a visually clean cabinet and light installation when ganged with M Series and PL Series medicine cabinets
- Light provides ambient lighting for a room with a soft glow that envelops a space and onto the wall with enough light to function and provides a consistent level of lighting
- Warm, relaxing tones (3000K) that replicate indoor lighting
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+. An R9 value of 50+ in conjunction with a CRI of 90+ is needed to accurately render colors, bring out skin tones and accurately match makeup to skin tone
- Thinner profile with Edgeline is ideal for urban spaces with a style that is reversible (rotate light pattern inside or outside) for ease of installation
- Ease of installation: build the lighting and cabinet configuration prior to placing in the wall using keyhole installation brackets and quick plug-in wire connectors, making installation a cinch
- Dimmable LED to add ambiance and can be used as a night light to allow for wayfinding at night for safe trips to the bathroom, using most standard residential dimmer that works with your home's existing wiring
- Energy efficient LEDs with an estimated life of 53,000 hours
- Will operate in high humidity or damp spaces. ETL certified to UL 1598 CSA Standard C22.2 No. 250.0

Configurable Options

- Styles: Edgeline, Midline, Outline

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensures long-lasting beauty
- Anodized aluminum back frame
- Quality polished edge mirror
- Diffuser built into the product eliminating the need for plastic diffusers to be purchased separately, reducing eye strain with no dark/hot spots.
- Fully encased lighting construction eliminating exposed LEDs and electrical components

Installation

- This installation may require more than one person
- Midline and Outline sold as a single unit (not as pairs); Edgeline sold as pairs
- Fixture adds 1-3/4" (2-3/4" pair) per light for Edgeline or 2-3/4" (5-1/2" pair) per light for Midline and Outline to the overall rough-in width
- Can be surface-mounted with 4" depth (D4), 6" depth (D6) and 8" depth (D8) cabinets (D4, D6 and D8 surface-mount kit required). Can be semi-recessed with 6" (D6) and 8" depth (D8) cabinets (D6 and D8 semi-recessed kit required) and fully recessed with 4" depth (D4), 6" depth (D6) and 8" depth (D8) cabinets
- Operates on 120 volts AC and 1.6A (3000K) per fixture
- Wired internally – front access serviceability
- If mounting or installing between cabinets, an MGKIT (ganging kit) is required. One MGKIT, will accommodate ganging of two cabinet sides (MGKIT includes two sets). Note: the Vesper Lighting comes with ganging hardware to mount to one side of a cabinet
- Recommended dimmer for fixture: Lutron® C•L Dimmers or Caseta Wireless. This dimmer has a full range control, low light adjustment, stops flickering and last setting memory
- The Master-to-Remote Cable is included with the Edgeline fixture (sold in pairs) to allow for the pairing of the style Edgeline to a medicine cabinet (4-1/4-foot limit for distance)

Accessories

- Ganging Kit (MGKIT)
- Surface-Mount Kit (MSMK__D_P)
- Semi-Recess Mount Kit (MSMK__D8SRP)

- Depth: 4-5/8" (117 mm) surface-mount, 7/8" (22 mm) when recessed
- Net Weight: 10 – 15 lbs

Features & Benefits

- Create a coordinated ensemble by pairing with Profiles Medicine Cabinets, Profiles Mirrors and Profiles Vanities
- Match all fixtures in your styling space with Profiles metal frame finishes for a coordinated look: Chrome, Polished Nickel, Matte Gold, Matte Black
- Modular vertical lighting can be ganged with Profiles Medicine Cabinets and Profiles Mirrors
- Choose between warm, relaxing tones (2700K) that replicate indoor lighting and cool, invigorating tones (4000K), which simulate bright daylight or choose variable lighting that lets you fine-tune your color temperature between warm (2700K) and cool light (5600K) with the use of dimmers
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Light direction and output eliminates dark shadows, provides bright even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard residential dimmer that works with your home's existing wiring

Features & Benefits(Continued)

- Energy efficient LEDs with an estimated life of 53,000 hours
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 1598 CSA Standard C22.2 No. 250.0

Configurable Options

- Metal Frame Finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black
- Color Temperature:
2700K, 4000K, Variable (2700K – 5600K)

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensures long-lasting beauty
- Satin anodized aluminum body

Installation

- This installation may require more than one person
- Sold as a single unit (not as pairs)
- Fixture adds 3-1/2" or 5" per light to the overall rough-in width
- Can be recessed or surface-mounted with 4" depth (D4) cabinets (D4 surface-mount kit required) and fully recessed with 6" depth (D6) cabinets
- Ganging kit required if used to mount with multiple cabinets – light comes with ganging hardware on one side

- Frame Depth:
Slim Museum = 2-1/4" (57 mm)
Chamfer Museum = 2-5/16" (59 mm)
- Net Weight: 28 – 40 lbs

Features & Benefits

- An assortment of styles and sizes to accentuate and meet the needs of a variety of styling spaces
- Museum frames showcase a 3/8" gap between the edge of the mirror and the overall frame. The lighting and gap work together to create an even, uniform illumination across the frame and finishes while providing ambiance and task lighting
- Museum frames include two frame styles:
Slim and Chamfer
Slim Museum Frame: for a shadow box effect and to complement a modern aesthetic, the sleek profile creates a minimalist look
Chamfer Museum Frame: the angled design adds dimension for a unique look that pairs well with transitional and traditional environments
- Match or coordinate fixtures in your styling space with four popular metal frame finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black
- Create a coordinated ensemble by pairing with Profiles Vanities
- Warm, relaxing tones (2700K) that replicate indoor lighting
- Light direction and output eliminates dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection

Features & Benefits (Continued)

- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring. The mirror's LED task lighting provides continuously dimmable brightness to 1%
- Defogging technology ensures a clear reflection using a standard wall switch
- Energy efficient LEDs with an estimated life of 53,000 hours
- Compatible with most Triac/Phase-cut dimmers
- Constructed to operate in high humidity or damp spaces. UL Certified for damp locations to UL 962, CSA Standard C22.2

Title 24 Compliant Models

- LED mirror models (K) tested and certified to California Title 24 standards and meet JA8 2016 requirements
- The Title 24 certified LED mirror has up to 60% more lumen output than the standard model. This increases the overall brightness of warm white light that illuminates your space and reflection
- The mirror's LED task lighting exceeds Title 24 requirements (< 10% minimum dimming level) with continuously dimmable brightness to 1%
- Vacancy and dimmer recommendation:
Maestro C•L Dimmer and Motion Sensor

Configurable Options

- Mirror Style:
Perimeter Rectangle, Title 24 Perimeter Rectangle
- Frame Styles: Slim Museum, Chamfer Museum
- Metal Frame Finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black

Sculpt™ Lighted Mirrors – Tips & Features

Construction

- **Frame Construction:**
Plated Chrome and Polished Nickel finishes provide easy upkeep, exceptional durability, and a timeless look that complements any design
Anodized Matte Gold and Matte Black finish options are easy to maintain and won't chip, peel, or fade – so you can enjoy their beauty for years to come
- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Quality polished edge mirror
- Constructed for surface mounting
- Salt Spray Testing: ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Secure placement: Independent lab testing of mirror and frame mounting to ensure that it meets the standard for safety

Installation

- This installation may require more than one person
- Includes installation hardware with easy installation via Plug and Hang System:
Install mirror by plugging into an outlet behind the mirror, eliminating the need to bring back an electrician to install or remove – making it a cinch for both new construction and renovations.
Works in all North American outlets
Hang the mirror using a pinch cleat mounting system, which provides strength and simplicity to the installation process
- Requires 120 VAC 20 amp GFCI circuit protected wall outlet (configured as detailed in installation instructions)
- Mirror functions (lighting, defogger) operated using standard residential dimmers and switches, available separately through electrical supply and home improvements centers
- Dimmer recommendation:
C•L® Dimmers or Caseta Wireless from LUTRON®
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer
- Hang in portrait orientation only

Features & Benefits

NEW!

- Two new light patterns: Glow and Edge Lit
With Glow no light comes through the glass (mirrored front) creating a glowing effect on the edges of the mirror and illuminating the wall. This effect creates a silhouette, emphasizes the mirror making it the focal point and contributes ambient lighting to the space.
Edge Lit provides both task lighting and ambiance. Light emits from the front edges to properly illuminate your face and glows out the edge of the mirror for a soft wall effect. This light pattern is often chosen for ADA applications because no light bar obstructs the reflection of a seated viewer.
- Choose between warm, relaxing tones (2700K) that replicate indoor lighting or cool, invigorating tones (4000K), which simulate bright daylight

Features & Benefits (Continued)

- Light direction and output eliminates dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring. The mirror's LED task lighting provides continuously dimmable brightness to 1%
- Defogging technology ensures a clear reflection using a standard wall switch
- Energy efficient LEDs with an estimated life of 53,000 hours
- Flip Installation: the 48" x 36" mirror can be flipped to 36" x 48" to give two size options for a home. By purchasing this mirror option, you not only get the choice to pick the size that meets your needs, it gives you the freedom to change orientation later.
- Compatible with most Triac/Phase-cut dimmers; 0-10V for custom projects
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2, No. 12-82

15" (381 mm)
- Depth:
18-3/4" (476 mm)
21-3/4" (552 mm)
- Net Weight: 17 – 55 lbs

Features & Benefits

- Match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black
- Glass finish options:
Mirror, 10 decorative gloss and matte finishes
- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Create a coordinated ensemble by pairing with Profiles Medicine Cabinets, Profiles Lighting and Profiles Mirrors
- Plumbing slow-close drawer allows clearance for drain; tip out drawer for H1 (7-1/2" H) gives storage back by providing a drawer for smaller items and full slow-close drawer allows for maximum storage when plumbing does not interfere
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation

Features & Benefits (Continued)

- H1 (7-1/2" H) vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15" H) vanities include one glass bin with plumbing drawers; not available for 12" W vanities
- Organization kit for H2 (15" H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

Configurable Options

- Metal Frame Finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black
- Glass Finish Options:
Mirror, 10 Decorative Gloss and Matte Colors
- Night Light:
No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin
- Drawer Application:
Choice of split plumbing (not available for 12" W drawer), full drawer or tip out drawer (7-1/2" H only, not available for 12" W drawer)

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- Industrial grade installation hardware
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

Installation

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Roborn supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- Components needed for stacking are included with each vanity
- Within a column, all vanities must stay the same width. Ganging kit required for each column connection point and is selected based on the connection height of the cabinets. Each ganging kit is by 7-1/2" H increments (H1 = 7-1/2", H2 = 15", H3 = 22-1/2", H4 = 30").
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side.
- With a 7-1/2" H vanity, a tip out drawer must be used with an undercounter sink
- If stacking with a 7-1/2" H tip out drawer, the second vanity must be a 7-1/2" H plumbing drawer, a 15" H plumbing drawer or a 15" full drawer as the first 15" H needs plumbing clearance. If using 7-1/2" H tip out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" H plumbing drawer and still clear pipes.
- Full drawer units are intended for ganging and stacking and are not designed to accept a sink or plumbing.
- Night light option (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation. See installation instructions for more information.

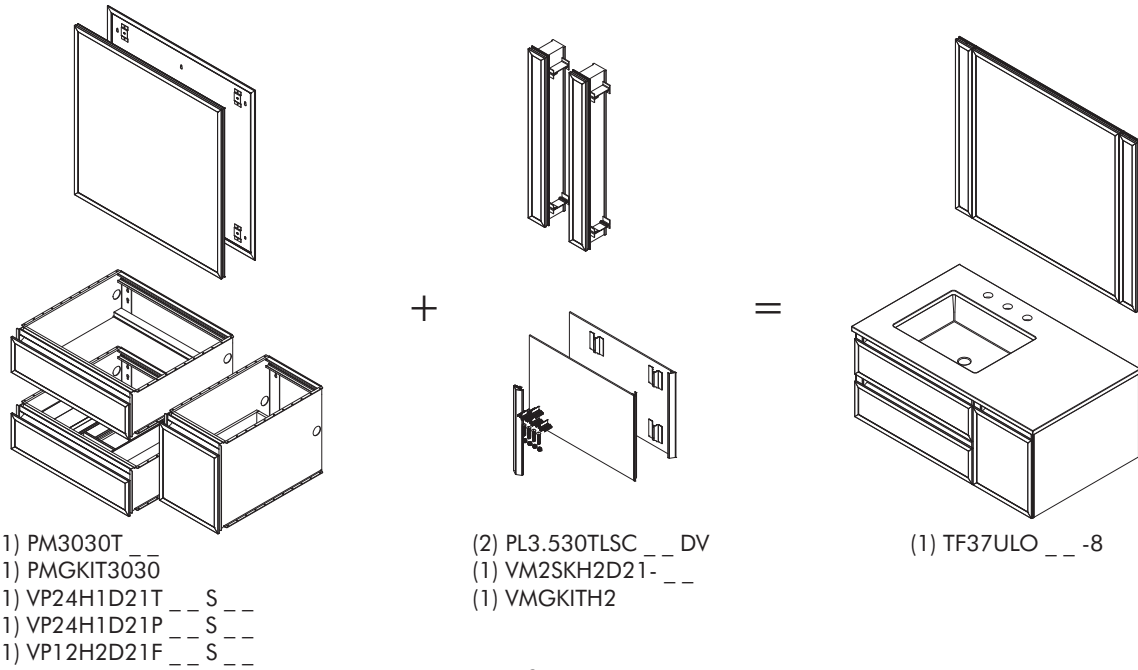

Installation (Continued)

- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer – includes four glass bins and only available for 15" H (H2) vanities (not available for 12" W vanities)
- Hair Styling Organizer fits all 15" H (H2) vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert; recommended in combination with Electric Accessory

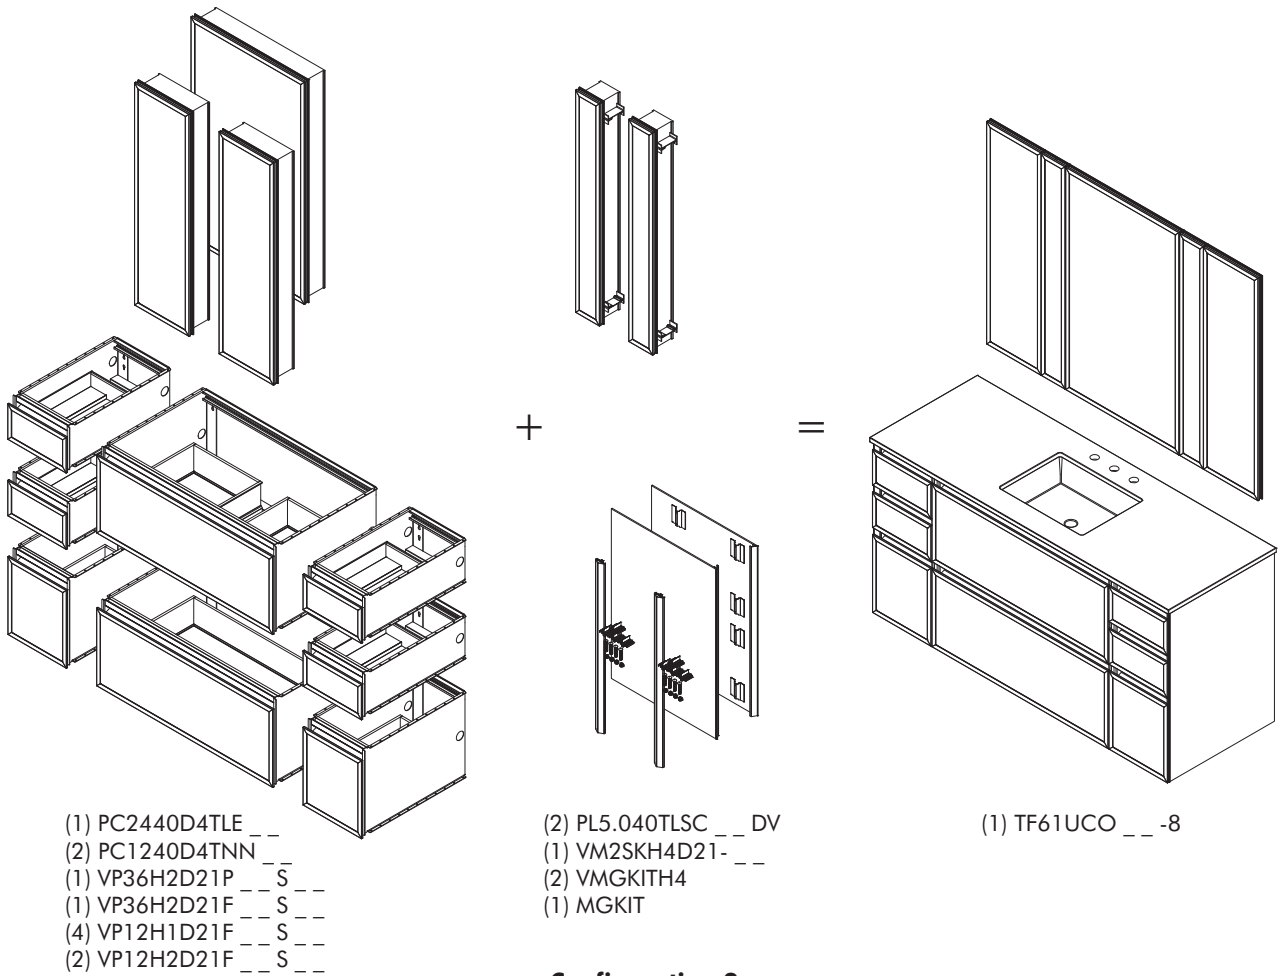

Accessories

- In-drawer Electric Accessory (VAELECTRIC18, VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – 15" H only
- Accessory Night Light in selectable 2700 Kelvin/4000 Kelvin (SLED12, SLED24, SLED30, SLED36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Plumbing Drawer Insert with four glass bins (VADRAWER24P, VADRAWER30P, VADRAWER36P) – 15" H only
- Slim Full Drawer Insert with four glass bins (VADRAWER12X, VADRAWER24X, VADRAWER30X, VADRAWER36X) – 15" H only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)

Tips & Features

Dimensions & Weight

- Width:
12-1/4" (311 mm), 24-1/4" (616 mm),
30-1/4" (769 mm), 36-1/4" (921 mm),
48-1/4" (1226 mm), 60-1/4" (1530 mm)
- Height: 14" (356 mm)
- Depth: 21" (533 mm)
- Net Weight: 30 – 157 lbs

Features & Benefits

- Choose between a contemporary look with hand-free operation drawers that open with a gentle push (push-to-open) or a more traditional design featuring a stylish ergonomically designed handle in brushed aluminum trim and slow-close drawers
- Plumbing drawer allows clearance for drain and full drawer allows for maximum storage when plumbing does not exist
- Vanities are modular and can be ganged with other V14 vanities to fit a variety of desired widths
- Vanities include five glass bins for plumbing drawers and four glass bins for full drawers

Features & Benefits (Continued)

- Organization kit: two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in 5000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

Configurable Options

- Decorative Glass Options:
Mirror, 12 decorative gloss and matte finishes
- Drawer Application: full drawer or plumbing drawer
- Drawer Type: push-to-open or slow-close
- Night Light: No Night Light or Integrated LED Night Light in 5000 Kelvin

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- 14" high vanity designed for convenient, customized bathroom storage
- Slow-close drawer features an ergonomically designed, integrated handle in brushed aluminum to coordinate with brushed aluminum trim; handle adds 1" depth to the depth of the vanity
- Uniquely designed push-to-open drawer mechanism provides hand-free operation
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

Installation

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Roborn supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- Modular units require a ganging kit to ensure proper space and drawer functionality; hardware required when stacking two or more wall hung vanities
- Full drawer units are intended for ganging and stacking and are not designed to accept a sink
- Included side kit adds 1/8" to each side, 1/4" to overall width of vanity (does not apply to 12" W vanities)
- 12" W Unit: single-drawer, no sink (12" W drawers are intended for ganging with other V14 units and do not ship with a side kit)
- 24" W, 30" W and 36" W Units: single plumbing clearance drawer, center sink installation and single full storage drawer, no sink
- 36" W Unit: 24" W unit with left or right plumbing clearance drawer for left or right mount sink installation, and 12" W unit (no sink)

Installation (Continued)

- 48" W Unit: three drawer unit consists of 24" W unit with center plumbing clearance drawer for center mount sink, flanked by two 12" W units (no sink) to left and right
- 60" W Unit: three drawer unit consists 36" W unit with center plumbing clearance drawer for center mount sink, flanked by two 12" W units (no sink) to left and right
- Night light option (L) – 12VDC plug-in transformer in 5000 Kelvin color temperature. Locate wall outlet as per installation instructions.
- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Hair Styling Organizer fits all vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert; recommended in combination with Electric Accessory
- Slim plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer - includes four glass bins
- Toilet paper holder is installed directly to the vanity and can be installed on either side of the vanity

Accessories

- In-drawer Electric Accessory (VFELECTRIC): ETL certified to UL 1363, CSA Standard C22.2 No. 21
- Accessory Night Light in 5000 Kelvin (CLEDS12, CLEDS24, CLEDS30, CLEDS36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Plumbing Drawer Insert with four glass bins (VFDRAWER24P, VFDRAWER30P, VFDRAWER36P)
- Slim Full Drawer Insert with four glass bins (VFDRAWER24X, VFDRAWER30X, VFDRAWER36X)
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Vanity Accessory Toilet Paper Holder (VATP)
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons
- Ganging kits are required when combining two or more V14 vanities (VFGKIT)
- Vanity Stacking Kit required for stacking vanities (VFSTACK)
- Leg kits are optional for stacking vanities (VFSTACKA, VFSTACKL)
- Glass and engineered stone tops with porcelain sink

V14® Ganging Reference

Refer to the following for V14 ganging/stacking examples:

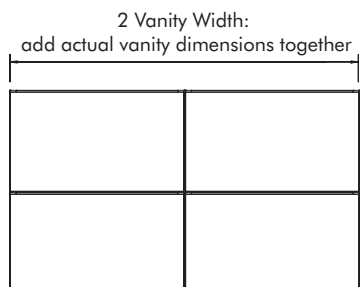

Stacking Wall-Hung
Required Hardware:
VFSTACK

Recommended installation height is 34½"; however, wall-hung vanities can be installed at varying heights. Please refer to instruction sheets for specific requirements.

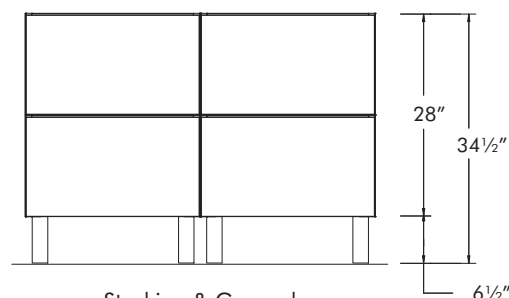

Stacking with Legs
Required Hardware:
VFSTACKA or VFSTACKL

The V14 Stacking Kits with Legs (VFSTACKA/L) includes brushed aluminum legs which are 6½" H. The V14 Vanities are 14" H. The installed vanity height will be 34½" H. The specified counter and sink will impact the total height of the installation.

Stacking & Ganged
Wall-Hung
Required Hardware:
2 VFGKIT
2 VFSTACK

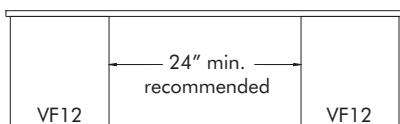

Stacking & Ganged
with Legs
Required Hardware:
2 VFGKIT
2 VFSTACKA or 2 VFSTACKL

It is recommended to use a Full Storage Drawer for the bottom of a 2-drawer stacked unit. The Full Drawers come with glass dividers to partition the drawer in a variety of ways and does not include plumbing clearance cutouts.

Total Width of vanity area should be a minimum of 48" W.

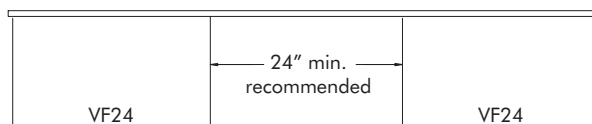

Example 1: Two 12" Wall-Hung Vanities

Example 1: Two 12" wide V14 vanities for a 48" wide Vanity Space:

- 12" wide V14 + 24" wide open space + 12" wide V14 vanity = 48" wide Vanity

Example 2: Two 24" Wall-Hung Vanities

Example 2: Two 24" wide V14 vanities for a 72" wide Vanity Space:

- 24" wide V14 + 24" wide open space + 24" wide V14 vanity = 72" wide Vanity

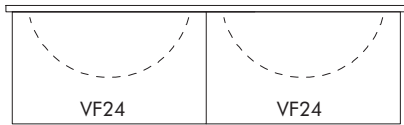

Note: For 12" wide Vanities, side kits will need to be purchased for this installation. See page 225 for side kit information.

V14® Ganging Reference

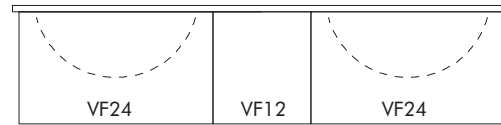

V14 can be ganged together to form endless combinations and installations to meet a variety of needs:

To acquire the total width of the vanity, add actual vanity dimensions together.

Example 3: Dual Sink Installation
with Two Wall-Hung Vanities

Example 4: Dual Sink Installation
with Three Wall-Hung Vanities

Example 3: To create a 48" Dual Sink installation:

- Two 24" wide V14: $24\frac{1}{4}" + 24\frac{1}{4}" = 48\frac{1}{2}"$

Example 4: To create a 60" wide Dual Sink Installation, three Vanities recommended:

- 24" wide V14 (left) + 12" wide V14 (center) + 24" wide V14 (right) = $24\frac{1}{4}" + 12\frac{1}{4}" + 24\frac{1}{4}" = 60\frac{3}{4}"$

It is recommended to use a Full Storage Drawer for the center drawer of a 3-drawer ganged vanity installation.

The Full Drawers come with glass dividers to partition the drawer in a variety of ways and does not include plumbing clearance cutouts.

Please refer to page 225 for 12" W accessory drawer options.

Tips & Features

Dimensions & Weight

- Width (with side kits installed):
12-1/8" (308 mm), 24-1/8" (613 mm),
30-1/8" (765 mm), 36-1/8" (918 mm)
- Height:
7-1/2" (191 mm), 15" (381 mm)
- Depth:
18-3/4" (476 mm), 21-3/4" (552 mm)
- Net Weight: 25 – 97 lbs

Features & Benefits

- Offered in limitless designs, these vanities are built to fit your preference and storage needs
- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Plumbing slow-close drawer allows clearance for drain; tip out drawer for H1 (7-1/2" H) gives storage back by providing a drawer for smaller items and full slow-close drawer allows optimal storage solutions
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- H1 (7-1/2") vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15") vanities include one glass bin with plumbing drawers; not available for 12" W vanities

Features & Benefits (Continued)

- Organization kit for H2 (15" H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in either selectable 2700 Kelvin/4000 Kelvin or 5000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

Configurable Options

- Decorative Glass Options:
mirror, 14 decorative gloss, matte and textured colors
- Night Light:
No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin or 5000 Kelvin
- Drawer Application:
Choice of split plumbing (not available for 12" W drawer), full drawer or tip out drawer (7-1/2" H only, not available for 12" W drawer)

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

Installation

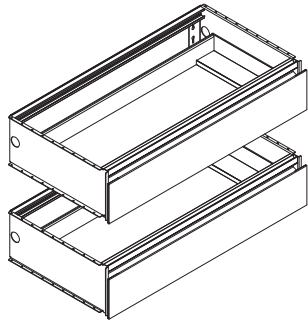

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Roborn supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity
- Components needed for stacking are included with each vanity
- Within a column, all vanities must stay the same width. Ganging kit required for each column connection point and is selected based on the connection height of the vanities. Each ganging kit is by 7-1/2" increments (H1 = 7-1/2", H2 = 15", H3 = 22-1/2", H4 = 30").
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side.
- With a 7-1/2" H vanity, a tip out drawer must be used with an undercounter sink
- If stacking with a 7-1/2" tip out drawer, the second vanity must be a 7-1/2" plumbing drawer, a 15" plumbing drawer or a 15" full drawer as the first 15" needs plumbing clearance. If using 7-1/2" tip out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" H plumbing drawer and still clear pipes.
- Full drawer units are intended for ganging and stacking and are not designed to accept a sink or plumbing.
- Night light option (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation. See installation instructions for more information.

Installation (Continued)

- Night light option (L) – 12VDC plug-in transformer in 5000 Kelvin color temperature. Locate wall outlet as per installation instructions.
- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer - includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert; recommended in combination with Electric Accessory

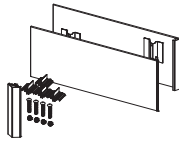

Accessories

- In-drawer Electric Accessory (VAELECTRIC18, VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – 15" H only
- Accessory Night Light in selectable 2700 Kelvin/ 4000 Kelvin (SLEDS12, SLEDS24, SLEDS30, SLEDS36) and 5000 Kelvin (CLEDS12, CLEDS24, CLEDS30, CLEDS36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Plumbing Drawer Insert with five glass bins (VADRAWER24P, VADRAWER30P, VADRAWER36P) – 15" H only
- Slim Full Drawer Insert with four glass bins (VADRAWER12X, VADRAWER24X, VADRAWER30X, VADRAWER36X) – 15" H only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons – to be used in 15" H (H2) vanity drawers only
- Glass and engineered stone tops with porcelain sink
- Glass side kits sold separately as single units or as a pair. Available in 4 heights and 2 depths, and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30").
- Ganging kits are required when combining two or more vanities and are available in 4 heights and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")
- Alcove finishing kits are required for corner or alcove installations and are available in 4 heights and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")

Vanities & Tops

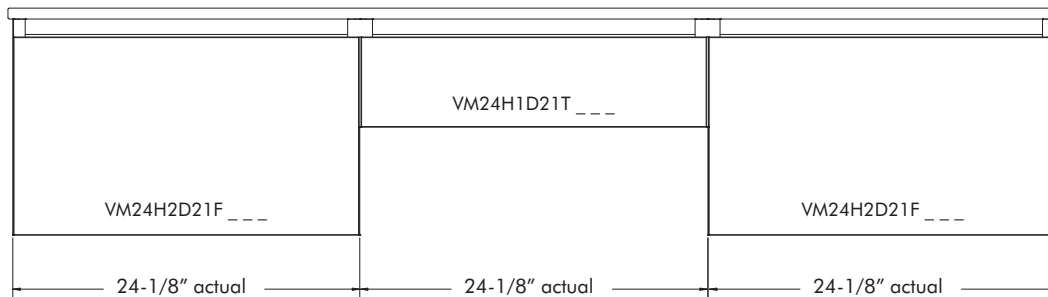

Example 1: Two 12" Wall-Hung Vanities

Example 1: Two 12" wide Cartesian vanities for a 48" wide vanity space:

- 12" wide VM + 24" wide space + 12" wide VM = 48" wide vanity space (48-1/4" actual width)

Example 2: Three 24" Wall-Hung Vanities

Example 2: Three 24" wide Cartesian vanities for a 72" wide vanity space:

- 24" wide VM + 24" wide VM + 24" wide VM = 72" wide vanity space (72-3/8" actual width)

COLORS & FINISHES

From moody to playful, calming to invigorating, nothing dictates the experience of a room like color and texture. Because the slightest change in tone or contour can completely change the perception of a surface, we spend countless hours developing and refining our palette and materials to achieve precise and purposeful impact so that you can create a styling space that makes a statement.

ESSENTIAL PALETTE

Just as a building's foundation supports the entire structure, our Essentials palette forms the foundation of a timeless yet modern design aesthetic. Exceptionally versatile and robust, our Essentials colors distill style into their strongest, most basic elements, establishing a purity of form and expression while supporting a wide range of design choices.
