JAMES MARTIN

VANITIES™

James Martin Vanities

One-Year Limited Product Warranty

When properly installed and under normal conditions of use, James Martin products are warranted against defects in material or workmanship, for one year from the date of purchase from a James Martin distributor. James Martin retains the right to determine if merchandise returned is defective, and its judgment shall be final in such matters. For vanity tops, this warranty does not apply to any quartz stone tops, which have a separate manufacturer warranty. This warranty does not apply to any merchandise which is modified in any way or used on any installation or unit other than a residential property. If you believe your product is defective, please return it and a copy of the dated sales receipt (proof of purchase) to the James Martin where you purchased the product. Proof of purchase, dated store receipt or invoice evidencing date of product sale to end user must be provided to James Martin Customer Service at customercare@jamesmartinvanities.com, or call 512-795-4171. The warranty is limited to the correction of any such defect, replacement or credit, at the discretion of James Martin, not to exceed the original purchase price, and shall not include any installation or labor charges of any kind, except where mandated by law. This warranty is conditioned upon the following: that (a) James Martin is notified in writing and provides consent to return the product(s) in question, (b) the product(s) is/are returned with proof or purchase date, and (c) upon return and inspection, the product(s) is/are found to be defective as noted above.

This warranty does not cover any damage to the products due to external causes including without limitation: improper installation or operation, product abuse or misuse, or use of adverse or hazardous chemicals or cleaners containing abrasives, alcohol or other solvents, acts of nature, physical damage, environmental conditions, or any other occurrences beyond the reasonable control of James Martin.

This warranty is not applicable to any merchandise which is marked, advertised or otherwise sold as "clearance" or "closeout" items.

Except as set forth herein, James Martin provides no other warranties, express or implied, including but not limited to the warranties of merchantability, noninfringement or fitness for a particular purpose. JAMES MARTIN SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

CUSTOMER CARE + INVENTORY STATUS

In a world full of options, we wanted to take a moment to say thanks for choosing James Martin Vanities. There is truly nothing more exhilarating for us then to get a new customer, and to help you get acquainted with our company we wanted to share some of our best resources so you can make the most out of your experience with us. James Martin Vanities offers stellar customer service thru a unique ticketing system that is available to all our customers.

By using this system, we can offer superior service, quickly and efficiently. All inquiries, comments and concerns should be directed via email to: customercare@jamesmartinvanities.com. You will receive an immediate auto acknowledgement that our system has received and logged the ticket. From there we will response using that same ticket, directly to your original email. The ticketing system is an excellent way to notify us of any issues, as well as making inquiries, checking product/accounting status or to discuss dealer and delivery policies that are specific to your account.

You will receive an immediate auto acknowledgement that our system has logged the ticket.

You also can use Customer Care Portal to review pending tickets, as well as review comment history, attach or view images and add notes. Our portal also contains helpful information, such as FAQs and a community forum for reviewing announcements from James Martin Vanities.

We also want to take a moment to talk about the Dealer Portal that you can login into from the James Martin website, that is available to you as well. Within this site you can view inventory status, which is indicated with an "in stock" or "out of stock" notification. You can use it to view sales order with notations regarding tracking or estimated shipping dates, as well as placing orders, as you have access to pricing, item numbers and images.

Lastly, we hope this boost your confidence and opinion of James Martin Vanities and wish you all the best in all your future endeavors with us.

PAYMENT

James Martin accepts all major forms of payments (i.e., credit card, debit card, cheque, money transfers, and cash or ACH (Automated Clearing House) disbursements as well as PayPal. Please note that we collect a 2% flat fee for processing credit cards, if you wish to avoid the additional 2%, please consider using the ACH disbursement. All payments are due at the time of shipping. If you have an establish credit line, then payment is due 30 days from the date of shipment.

A line of credit is available with James Martin, please feel free to complete a credit application, all credit decisions are made by a third-party credit insurance company (Euler Hermes). If you are denied credit or do not agree with the credit limit, please feel free to contact them to discuss the issue further. Applications are normally processed within 24hours of receiving them by Euler Hermes. Once your credit application has been approved and a credit limit is established your account will automatically be monitor by Euler Hermes, who will then notify us of any changes. If at any time you wish to raise your credit limit, please contact James Martin Customer Care and they will contact Euler Hermes for you.

HOW TO SHIP

James Martin gladly offers to assist any client with freight services. If you have questions or our interested in freight options, please do not hesitate to reach out to the Customer Care Center.

Our freight service consists of LTL, curbside or dockside shipments. We can simply add the cost of freight to your invoice directly, or let us know prior to shipping that you would prefer to have the items placed on "will call" or arrange your own transportation (see below):

While we are unfortunately unable to accommodate quotes, James Martin Vanities does offer very competitive rates on shipping. Also, should any additional accessorial charges occur during shipping, that are not covered by James Martin Vanities service, you will be charged accordingly. This could include any charges not known until the time of delivery such as missed appointments, high rise buildings and island deliveries, etc.

While we do everything possible to minimize damages, if your client does receive an item with damage or potential damage, **it is imperative that we are notified within 48 hours of delivery.** The customer must also notate in detail, damage on the delivery document. Failure to follow these requirements may result in the claim being denied.

James Martin reserves the right to send a part and/or attempt to repair the product prior to making any decisions regarding doing a full replacement.

If the item must be replaced, we will place the order and deliver at no charge to you.

After the item has shipped, James Martin will provide you with tracking that can easily and efficiently be tracked online. We are providing this service to assist you and your customer.

Although, we provide this service in order to enhance the customer experience, please understand that we are not in the "freight business" and are obligated to follow the freight companies procedures rules, and regulations, as dictated by them.

If you have any questions regarding our service, please feel free to email customercare@jamesmartinvanities.com

MINIMUM ADVERTISING POLICY(MAP)

At James Martin, our vanities and mirrors provide exceptional value to the consumer as well as a reasonable and fair margin to our valued partners and dealers.

In order to help ensure that we maintain a level and fair playing field and to accommodate the wide variety of consumers and resellers of James Martin products, we do enforce and maintain a Minimum Advertised Price (MAP) for our products.

The MAP is specified in the price guide and is the minimum amount that the product can be advertised for sale when adding the price of the product and any related shipping costs. The costs must be able to be verified at the cart level without the need to login or provide any information other than zip code. The use of coupons, store discounts or cart discounts may be allowed provided that the pricing for a particular product is not advertised at less than the MAP. We understand there are countless methods for advertising products and sales. As such, James Martin shall make the final determination as to whether a particular advertisement is in violation of our policy.

James Martin may also, from time to time, adjust MAP pricing and / or product cost for specials for specified periods of time. In addition, any item that has been designated to be closed out may be advertised and sold at any price. MAP does not exist for discontinued items. When we do run a product promotion, the promotion price cannot be adjusted and advertised prior to the event kick off and must return to the prescribed MAP after the event has terminated.

You can notify customercare@jamesmartinvanities.com of any MAP violations and we will do our best to research and adjust the advertisement. In the event, we determine that you are in MAP violation, we will notify you to correct the pricing immediately. You will have 48 hours to adjust the pricing to MAP. Orders for incorrectly advertised items may not be accepted. Repeated violations or failure to adjust the ad may result in a suspension of shipping for your account and could result in a termination of your account.

CABINET AND COUNTERTOP CARE

For comprehensive information regarding the care and cleaning of cabinets and countertops, please visit our website at jamesmartinvanities.com and review the Resources tab.

JAMES MARTIN VANITIES

PREMIUM CABINET CONSTRUCTION

All James Martin cabinets are constructed with kiln-dried hardwood solids and hardwood plywood face with Maple or Birch veneers.

Our cabinets conform to all TSCA Title VI and CARB 2 standards and certifications.

A Vertical supports are used for strength and to help distribute the weight of countertops.

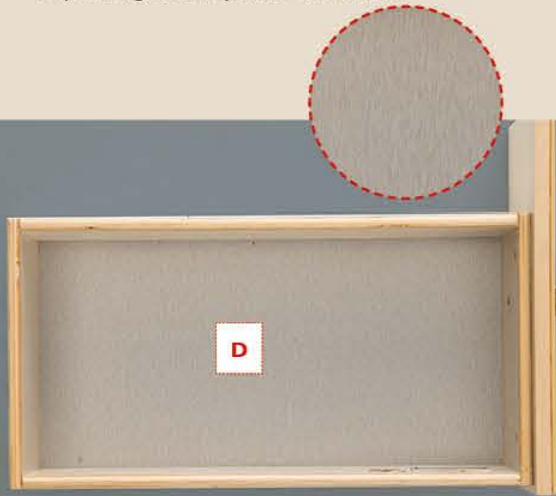

B Corner Brackets (Gussets) reinforce strength of the cabinet corners and also help distribute countertop weight. These brackets (also called braces) are secured with both wood glue and wood screws.

C Where space allows, many James Martin cabinets feature top row "tip out" Bamboo drawers for handy storage of small items. The containers are removable for easy cleaning.

D Our drawer bottoms feature brushed aluminum finish laminate for worry free storage of liquids, easy cleaning and a simple, modern aesthetic.

E All James Martin cabinets have drawer boxes crafted with classic English dovetail joinery. This type of strong joint has long been considered a hallmark of quality construction.

F Drawer box sides are constructed using either 13mm thickness plywood or 15mm solid White Poplar.

G Interior shelves are both adjustable (and removable), and pre-cut with channels to allow for plumbing drain pipes and access to water shut-off controls.

H Shelves are made from 1/2 inch (13mm) thick multi-layered plywood faced with stain-grade Birch or Maple veneers.

I In James Martin cabinets with narrow drawer boxes (which allow for undermount sink placement and pipes), we use panels to improve the visual appeal of the vanity and to prevent dust from settling inside the cabinets.

J James Martin cabinets (with the exception of our 206 and 207 series), feature full-extension and 3/4 extension, soft-close, undermount drawer slides. These slides have quick-release clips for easy removal of drawers.

K James Martin Cabinets feature soft-close door hinges, (except in instances where interior construction or the design style requires the use of traditional barrel hinges). These soft-close hinges have dual adjustments (up & down / forward & backward) top allow for alignment adjustments after the cabinets are installed.

L Many of our *Transitional* and *Old World* style cabinets feature decorative wooden backsplashes. These are included with the cabinets, so you need not order an optional James Martin countertop to receive one.

M All James Martin cabinets ship with full back panels. Since many of our cabinets are available without countertops (you may create your own custom design) our clients have requested we not pre-cut the panels, as the final plumbing locations are variable.

N All cabinet interiors and exteriors are sealed with moisture and UV resistant finishes.

O Cabinet bottoms are made from 1/2 inch (13mm) thick multi-layered plywood faced with stain-grade Birch or Maple veneers.

P Cabinet sides are made from 1/2 inch (13mm) thick multi-layered plywood face with stain-grade Birch or Maple veneers.

SILESTONE®
by COSENTINO

James Martin Vanities is proud to announce our partnership with Silestone Quartz.

Silestone is a division of the Cosentino Group, a global family-owned company which produces and distributes high value innovative surfaces for architecture and design.

With the involvement of its customers and partners, this leading company imagines and anticipates design solutions which bring value and inspiration to people's lives. This goal is made possible by pioneering brands which are leaders in their respective segments such as **Silestone®**, Dekton®, and Sensa by Cosentino®. Technologically advanced surfaces which allow create unique spaces and designs for the home and public spaces.

The Cosentino Group currently distributes its products and brands in more than 80 countries, from its headquarters in Almeria (Spain). Cosentino is present in 32 countries, with its own facilities in 29 of them.

Silestone® by Cosentino, world leading brand for quartz surfaces, is a material made of 90% natural quartz. Silestone® surfaces are highly stain, impact and scratch resistant as well as having a low liquid absorption rate. This material also features exclusive bacteriostatic properties for determined colors, numerous guarantees and certifications, and is supplied with the high level of service, quality and responsibility which is shared by all Cosentino Group products.

Silestone® is manufactured in over 90 colors, three textures and various formats making it very versatile; it can even be applied in large, joint-free pieces. It is the perfect material for use in a great many applications in kitchens and bathrooms as well as for laboratories, hospitals, hotels, restaurants and other professional uses.

In 2017, **Silestone®** once again showcased its leadership in the quartz surface industry, presenting the innovative technology **N-Boost**.

N-Boost modifies the surface of the material at a molecular level, thus enhancing further still the excellent technical and aesthetic features of the material. This innovative development, whose patent is owned by Cosentino, facilitates the easier cleaning and maintenance of **Silestone®** countertops.

N-Boost also achieves a greater intensity of color and increases the level of surface brightness.

<div>30"</div> 	E444-M30-MCA	Addison 30" Rectangular Mirror	Mid-Century Acacia	30"	1"	39"	3.38	31	\$220	\$330
	<p>Item: Solid wood frame, rectangular mirror.</p> <p>Notes: This mirror has one inch bevel cut glass and premium keyhole style, recessed brackets for secure wall mounting. Dual sets of recessed brackets allow you to hang this mirror either vertically or horizontally.</p> <p>Special Feature: This mirror was designed especially for the Addison Collection.</p> <p>When used with our E444-V30 and E445-V30 30 inch vanity cabinets and Tower Hutches you may create a built-in appearance for your bathroom. The mirror works as a bridge to connect the tower hutches. A pair of M30 mirrors may be used with the E444-V60D vanity cabinet (dual sinks) to connect a pair of hutches. Please refer to pages 23 - 30 for examples of our most popular bathroom cabinet configurations using the M30 Mirrors.</p> <p>Wood Species & Finish: This mirror is constructed with Para wood and is sealed inside and out with our premium moisture and UV resistant (water based) coatings.</p>

Wood Species & Finish: This cabinet is constructed with Birch and Poplar solids and plywood cores. This cabinet is sealed inside and out with our premium moisture and UV resistant (water based) coatings. Countertop Configuration: This countertop has one rectangular shaped, integrated basin sink. Countertop Material: This countertop is made from durable, easy to clean, gel-coat, poly-resin blend which is resistant to mildew and staining. Dimensions Note: The countertop height listed above is for the visible edge above the console frame. Width of basin sink: 19 inches Back to front of basin sink: 11 1/8 inches Depth of basin sink: 3 1/2 inches Certifications: CUPC12508 Faucets and drains are not included. Features & Cleaning: For proper care and cleaning of resin countertops, visit the James Martin Vanities website - <i>Countertops Menu</i> . Stainless Steel Base: This metal base is crafted from durable stainless steel and has built-in, adjustable-height feet (levelers). This base is finished in our Radiant Gold color and has a clear top-coat sealant to prevent tarnishing and is resistant to fingerprints. Shelf Note: Because James Martin offers this 24 inch Columbia vanity in four different cabinet colors, the matching shelf for this metal base ships with the cabinet. (Not with the metal base) Note: This listing is for the floor standing cabinet. For the wall mounted (floating) version of the 388-V24-GW Cabinet, do not order the Stainless Steel Base. IMAGE	ITEM NUMBER	DESCRIPTION	COLOR	W (in)	D (in)	H (in)	CUBES	LBS	MAP	MSRP
<div>48"</div> 	825-V48-SL	De Soto 48" Single Vanity	Silver Gray	49 1/4"	23 5/8"	35"	31.52	232	\$1,839	\$2,759
	<p>Configuration: One door cabinet with a shelf & six drawers, with full plinth base for easy floor cleaning.</p> <p>Special Feature: This cabinet has two premium standard features. One custom size drawer organizer wrapped in our Ivory colored faux shagreen vinyl and an electrical component with dual power and USB (Type A) ports.</p> <p>Hardware & Construction: Premium soft-close hinges on door. Premium full-extension, undermount soft-close slides on drawers. Solid Poplar drawer box 1.5cm (0.6 in.) thickness, crafted with English dovetail joinery. Drawer bottoms are lined with our signature brushed aluminum laminate for easy cleaning.</p> <p>Decorative wood backsplash is included with cabinet.</p> <p>Decorative hardware (knobs) are finished in our Satin Nickel color.</p> <p>Construction Note: The lower molding side pieces are removable to allow for flush mounting of the cabinet against other 825 Series cabinets or against a side wall.</p> <p>Dimensions Note: The width above included with the removable side base trims, the width without the removable side base trims is 47 7/8".</p> <p>Wood species: Birch solids and Poplar veneers over select hardwood plywood core and is sealed inside and out with our premium moisture and UV resistant (water based) coatings.</p> <p>Countertop: Our James Martin 3cm Countertops are sold separately. Please review countertop options on pages: 287 - 290</p> <p>Note: If you select a James Martin countertop, remember to record the item numbers for both the countertop and the undermount sink (basin) on your order.</p>
