THE ART OF THE BATH

Victoria + Albert® baths are works of art: singular sculptural forms of sheer beauty, iconic proportions, architectural lines, and opulent curves. Coveted for their presence, designed for sublime bathing, they transform any space into a luxurious sanctuary. Individually hand-polished and crafted in South Africa, our baths are composed of Volcanic Limestone™, a white rock born from the elemental forces of pressure and heat. This natural substance forms seamless silhouettes shaped to complement the body, creating a truly indulgent experience, one to linger and luxuriate in. Graceful, sloping waves and minimalist angles are expressed in an array of designs from classical to the epitome of modernity. All come in a spectrum of colors to satisfy all style desires, from subtle shades to brilliant tones and dark hues. Strong yet lightweight, durable yet delicate with a tactile smoothness, each Victoria + Albert bath is made to last a lifetime. Each one is not only a centerpiece for the bathroom but a lavish statement that reflects the one who possesses it.

194 RAL COLORS

194 Available Colors

RAL is a European based color matching system which defines colors for paint, coatings and plastics. '**RAL**' is the abbreviation of '*Reichs-Ausschuß für Lieferbedingungen und Gütesicherung*'.

Personalize the exterior of our freestanding baths and sinks in a rich array of RAL colors that match all shades of the imagination, in gloss or matte finishes. Coordinate hues to complement bathroom décor, or let color lead the design principle.

Each finish is multilayered using a special catalyzed paint, and hand-polished between applications for a unparalleled depth of color and luster. More durable than hand-painted surfaces, more striking in impression, Victoria + Albert colors elevate baths to greater luxury.

Our collaboration

As we are learning to spend more time in a single location, in the cocoon of familiar environments, our focus increasingly turns to those surroundings, the spaces in which we live and work, relax and contemplate. Victoria + Albert has collaborated with Wallpaper* to develop three new color palettes that add joy and calm to inner sanctums. Compiled by Wallpaper* editor-in-chief Sarah Douglas, the three new palettes have been chosen to represent three different moods.

Wallpaper*

Wavelengths

In collaboration with

Wallpaper*

Amiata – RAL 5003

Wavelengths

The dynamic and fluid nature of water has long influenced architecture and interior design. Evoking sentiments of calmness and wellbeing while creating a free-flowing dialogue between solid and liquid forms, the Wavelengths palette looks to deep, inky oceans, offering a tranquil spectrum that sails across dark Atlantic waters to the sun-dappled Mediterranean and onto the bluey-green Aegean.

Light Industrielle

In collaboration with

Wallpaper*

Light Industrielle

Metallic, robust and minimalist, Light Industrielle references contemporary architecture and classic industrial design. Raw building materials – timber, steel and glass – structural forms and angular, geometric shapes filled the mood board for this palette. A tonal range that is urban, powerful and elegantly utilitarian, Light Industrielle's stealthy, steely aesthetic of monochromatic understatement is accented with subtle orange.

AMALFI

All the elements that make a classic slipper bath so perfect for bathing, and such an elegant statement, are elevated in this updated silhouette. The Amalfi is grace personified, with nuanced curves, and a gentle sloping arc to lean against and let go in comfort. The extended backrest provides greater head support, but it's also an artistic element, like a wave suspended in space and time. The Amalfi inspires indulgently languorous baths, from its relaxation-inducing shape to the smooth, tactile sensation of its hand-polished surface, to its sheer sculptural beauty.

- Measures 38 1/4" long

AMIATA

The award-winning Amiata pays homage to an extinct volcano of the same name—a mountain sacred to the ancient Etruscans, who favored thermal baths. Like all Victoria + Albert bathtubs, the Amiata is composed of Volcanic Limestone™, an extraordinary durable and beautiful stone. The design atelier of Meneghello Paoletti Associati was inspired by this material and the history of Mount Amiata to create a design that is neither concave or convex, but a balance of the two. Shaped to the body and made to sink deeply into comfort, the Amiata stays reminiscent of the past, while being ever present.

Designed by The Fox Group

BARCELONA

Barcelona is an architectural city where both classic and modern structures adhere to principles of organic design and a desire to create timeless works of art. The Barcelona follows the same approach with a symmetrical bath of natural curves in a style that's forever relevant. This rimless, deep double-ended oval bathtub never overwhelms the space it's in. The Barcelona is shaped for blissful, leisurely soaks. Its unadorned, minimal simplicity makes it suitable for spaces of all times and types.

Designed by Design Platform, LLC

CABRITS

Easily mistaken for a minimalist sculpture that belongs in an art gallery, the striking shape of the Cabrits sets it apart from all other freestanding baths. Cabrits follows the contours of the body, for a voluptuous shape that provides the ultimate in comfort. Long and deep, with curves in the right places, the Cabrits is designed for reclining and to support bathers of all sizes, creating an experience to revel in and savor in serenity. The Cabrits is for those with a passion for bathing and a penchant for unique artistry.

NOTES

[illegible]

CHESHIRE

The English country manors of Cheshire inspired our classic roll top bath of the same name. The Cheshire is a double-ended Victorian with the proportions and presence of bathtubs found in England's stately mansions. Equally at home in today's traditional and eclectic settings, the Cheshire is designed to luxuriate and relax in and act as a dramatic centerpiece. Its clean lines and elegant silhouette are offset with the ornate details of authentic ball-and-claw feet, which come in an array of finishes. The Cheshire conveys timeless charm which is quintessentially English.

CORVARA™

Named for a resort town in the Italian alps with vast views and open skies, the Corvara™ encapsulates the same expansive sensation but in a smaller freestanding form. The Corvara is an elegant egg-shaped oval that creates an intimate, cradle-like space to recline and relax. Yet it is roomy enough to stretch and sink deeply into calm and stillness. Its subtle curves and minimalist clean lines are reminiscent of modern sculpture, for a centerpiece that fits all bathroom décors and sizes.

DRAYTON

Capturing the essence of the original Victorian slipper bath, the Drayton's sensual sloping lines and deep shape are made for reclining in the utmost comfort while immersed in a sublime soak. Its sculptural look, lush, hand-polished finish and subtle detailing adds splendor to any space. The Drayton elevates the experience of bathing while evoking a time of lavish living and classic beauty.

NOTES

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

EDGE

The Edge transforms the profile of a classic soaking bathtub into a striking sculpture of linear proportions. The Edge is aptly named as it stands on the forefront of minimalist style with sleek lines and crisp contours. Designed for deep, immersive bathing, the dual-ended Edge creates an expansive experience within an unexpectedly compact form. Its cubic shape is subtly tapered to take up less floor space yet has the capacity for equally indulgent, sensuous soaks as its larger counterparts. The Edge's take on modern art makes it a statement piece for all spaces.

ELDON

The Eldon is the creation of the multi-award-winning British architecture and interior design studio, Conran + Partners. The Eldon back-to-wall bathtub is both stylish and smart. It creates an impression of generous depth and space, yet its genius design makes it a natural for rooms of all proportions. Hand-polished to a sensuous finish that's inviting to the touch, in a contemporary oval shape with a curvaceous rim, the Eldon offers a deeply indulgent bathing experience. The Eldon is a stand-out in any space.

ELWICK

More of a soaking bathtub than a classic bath, the Elwick has a deep, dual-ended shape of Edwardian proportions with a pedestal base that gives it a dignified stance. Designed to elevate bathing into an opulent spa-experience, the Elwick has room to soak, submerge, and take the time to unwind and refresh. The subtle rim detailing around its top edge and base enhances its character, and its hand-polished, buttery finish adds an especially smooth, tactile appeal. The Elwick makes an impact in any bathroom, especially those dedicated to the experience of sublime bathing.

HAMPSHIRE

The Hampshire is named for the region that served as the birthplace of Jane Austen and Charles Dickens. Just like their literary works, the Hampshire is a true English classic. An Edwardian-style, end-drain roll top, the Hampshire presents a lean look that invites immersion in a deep, satisfying soak. The intricate details of the authentic ball-and-claw design enhance the quintessential design of the bathtub. The Hampshire is for those who long for an indulgent bath experience that's a statement-making piece of artistry.

NOTES

[illegible]

ionian

Echoing the shape of ancient Greek Ionian columns, the ionian has a subtle flare at the rim that enhances its minimalist appeal and arresting appearance. Its simplicity is what gives it stature, with a pure, clean profile and minimalist design. Deep and sumptuous, the ionian's silhouette enhances reclining and relaxation, and invites immersion in luscious soaks that last. The ionian's clean lines are complemented by its hand-polished finish, for a sleek, stylish design that turns bathrooms into sanctuaries of luxury.

ios

Ios is one of the smaller Greek islands, yet it doesn't lack for beauty and wonder. Like its inspiration, the ios freestanding bath has the same dramatic symmetry as its larger counterparts but in a more intimate and compact form. Designed for city living and smaller spaces, the ios is a sleek, minimalist oval with the depth and dimension for soaks of supreme indulgence and long duration. Its bold simplicity and lack of ornamentation make an impact in any décor, for a centerpiece that defies size.

MARLBOROUGH

The Marlborough takes its name from a long lineage of English dukes, known for their monumental ancestral home, Blenheim Palace. Designed for an unparalleled bathing experience, it combines the long boat-like shape of the French bateau with a double-ended slipper bathtub. With room to bask in luxurious comfort, the Marlborough is made for long, soothing baths in tranquil settings. Poised on a plinth, the Marlborough's noble appearance makes it an unmistakable centerpiece, meant to be displayed, prized, and indulged in to the fullest.

MONACO

The Monaco's distinctive silhouette is reminiscent of the traditional roll top bath, yet it stands apart as a work of modern sculpture, pure form, and minimalist presence. Crafted from a single casting, Monaco creates a seamless impression from the elegantly thin line of the roll top to the way it gracefully tapers to the floor. It is a bath that invites deep, tranquil soaks, as well as a commanding centerpiece. Delicate in its simplicity, dramatic in its presence, Monaco is for those who see indulgence as an art form.

NAPOLI

Like the sculptures of Brancusi, which reinterpret the natural world by reducing it to its pure essence, the Napoli takes the organic shape of a shell and creates a clean minimalist expression. One of Victoria + Albert's longest bathtubs, it has an expansive interior in a low-slung shape for easy access. The Napoli's form subtly mirrors the contours of the body, for deep, blissful immersion and its generous space leaves room to stretch out in a languorous soak. The Napoli balances art and body, beauty and experience, for a stand-out bath of elemental modernity.

PEMBROKE

A contemporary silhouette that harkens to freestanding baths of the past, the Pembroke combines presence with substance. It projects regal elegance as befits a bath named for a town of British castles and kings. Pembroke is deep and dual-ended to encourage sumptuous soaks that linger and last. Designed by Meneghello Paoletti Associati to be clean and uncluttered, its crisp rim, refined lines, and rectangular shape define modernity, yet its purity of style and expansive form make it suitable for any décor.

PESCADERO

The Pescadero is inspired by the ocean's surf, and its organic shape echoes that of a cresting wave. Named for a seaside town in Northern California, the Pescadero's design portrays a dynamic sense of motion—a fluid flow of lines and grooves that create a shadow effect to emphasize the wave metaphor. Deep, double-ended, and spacious enough for two, the Pescadero is made to recline and revel in a long, restorative soak. The Pescadero pays homage to bodies of water – and bodies in water – for a statement piece with stylistic flair.

RADFORD

In the late 19th century, the roll top bath was coveted by those of wealth and privilege. These bathtubs took center stage in the bathrooms of grand English manors. The Radford follows this tradition of sumptuous English style. The rim detailing on this dual-ended bath is designed for aesthetic effect and for comfort, made to stand out and lean into. Subtle angles adorn the feet, complementing without distracting from the whole. The purity of the Radford's silhouette gives it a timeless quality, bringing yesterday into today with aplomb.

RAVELLO

The town of Ravello on the Amalfi coast has long been a destination for artists, writers, and musicians, and is the site of a world-renown arts festival. The Ravello pays tribute to this cultural center through a modern design with a lyrical silhouette. The rectangular shape is offset by nuanced curves as its flared rim gently tapers to the floor, like the opening of a flower. The effect is one of balance and symmetry that makes reclining and relaxing feel natural and cozy, while its deep interior creates a bathing experience of enhanced luxury.

RICHMOND

The Richmond takes a classic form and adds an unexpected decorative element. Its timeless silhouette is gracefully juxtaposed with Art Deco feet, balancing the clean lines and curvature of the roll top with the angled artistry of Deco design. The Richmond's appeal is enhanced by a lustrous surface that's ultra-smooth to the touch. This is a bath of sophisticated indulgence, a stand-out statement that surprises and delights while creating the perfect spa-like sanctuary to engage in a long, luscious soak.

ROXBURGH

Lean back – far back – in the Roxburgh slipper bathtub for a sumptuously long and indulgent soak. The Roxburgh is a statement-making work of sculpture, with its hand-polished gloss finish and wave-like curvature. Longer than the traditional Victorian slipper, the Roxburgh offers room to stretch in calm tranquility. A choice of the classic ornate lion's paw feet, or a clean, modern style can create a look that harkens to a dramatic past or to a timeless present. The Roxburgh is for those who love the experience of the bath, and those who love a look of artistry.

SHROPSHIRE

The slipper bathtub is especially intimate in the way it surrounds the body, designed to allow you to sink deeply into a luscious soak, while supporting back and neck. The Shropshire presents the same divine experience, but in a size suitable for smaller spaces. The subtle curves and incline of its silhouette give it an aesthetic appeal with artistic finesse. Classic ball-and-claw feet balance its clean lines with intricate Victorian-style detailing. The Shropshire's compact form creates a striking impression to make any room, no matter the size, truly grand.

TERRASSA

The Terrassa is named for the Spanish city that's home to the famous Terrassa Jazz Festival, where Chet Baker and Dizzy Gillespie once jammed. The Terrassa soaking bathtub is a riff on Victoria + Albert's oval bath, the Barcelona, in an equally fluid shape and minimal style. The Terrassa, though, makes its mark on its interior with harmonious sculpted details that create an extra dimension of design. Sized just right for city and country bathrooms alike, yet made for deep, lush soaks, the Terrassa is for those attuned to modern styling, unexpected flourishes, and all that jazz.

TOULOUSE

The classic French bateau bath is famous for its stylish sophistication and continental panache. The Toulouse takes the boat-like bateau shape from the 1860s and gives it a modern, sculptural feel. More refined than a roll-top and with greater subtlety, the deep, double-ended Toulouse has delicate curves and a gentle sloping shape. Designed to recline and sink deeply into relaxation, Toulouse offers exceptional comfort and lush immersion. This is a bath that catches the eye and takes centerstage, but does so with grace and elegance.

Designed by Susan Glick Interiors

- Measures 38 1/4" long

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

TRIVENTO

The Trivento reimagines the original French bateau bath as a contemporary sculpture. The nuanced arc of its rim is reminiscent of the vessel-like shape of its classic counterpart, but now with such subtlety and simplicity, it becomes a work of modern art. Dual-ended and designed to be deep, the Trivento is nevertheless a perfect fit for city and country, smaller or larger spaces. Its silhouette is perfect for immersive bathing, as its tapered form is made for leaning back and relaxing. The Trivento is a showpiece of sophisticated simplicity, truly a bath to be sought after.

VETRALLA

Named for a small village in Italy tucked into a hillside, the deep, double-ended Vetralla adds understated sophistication to bathrooms. The Vetralla's classic shape can be found in grand Italian villas, here interpreted with the clean lines of minimalist simplicity. The Vetralla's roomy interior leads to idyllic, soothing soaks and its graceful, slanting sides form a perfect angle of recline for greater comfort. The Vetralla conquers its dedicated space with depth and dimension, beauty and bliss, and the height of modern style.

WESSEX

Made for smaller spaces, the Wessex presents the timeless roll-top silhouette and proportions in more compact dimensions. This Edwardian-style bath reflects the essence of the era with elegant symmetry and classic ball-and-claw design—once the choice of the aristocracy and now synonymous with the roll-top aesthetic. With an opulent aura that commands a room, the Wessex is the perfect fit for those who prefer traditional sophistication for their cozy spaces.

NOTES

[illegible]

WORCESTER

Worcester, South Africa, is a town surrounded by high peaks and vast, dramatic views. It is also the site where Victoria + Albert bathtubs are made. The Worcester captures the expanse of its hometown in a traditional soaking bath that becomes the stately focal point of a room. With its classically ribbed plinth and rim detailing originally found in stonework, the Worcester has a dignified air. Its dimensions go deep for languid, lazy baths that soothe away stress. The Worcester evokes the sense of a past era in a form designed for the styles and desires of today.

YORK

A work of art deserves a pedestal, and the York is truly worthy of the title. Imposing and striking, generous in depth, classic in silhouette, York is inspired by Victorian bathtubs of majesty, like ones found in ancestral homes and mansions. Hand-polished and so smooth to the touch, the York is clean and uncluttered, and it is this lack of ornamentation that gives it such grandeur. This is a bath to lean back in, relax, and let time stand still.

- Compatible with Amalfi, Amiata, Barcelona, Barcelona 2, Barcelona 3, Edge, Elwick, Ionian, Ios, Napoli, Radford, Terrassa and Toulouse bathtubs.
- Measures 38 1/4" long

VICTORIA + ALBERT® CARE AND MAINTENANCE

At Victoria + Albert, we believe that our unique Volcanic Limestone™ material creates a naturally superior bathtub, and this is something we are extremely proud of. Please follow the care and maintenance advice below, to ensure your bathtub, sink and accompanying accessories continue to look and feel beautiful for many years.

To demonstrate our confidence in the quality and reliability of our products, all Victoria + Albert products are guaranteed. Please see our terms and conditions for further details.

VOLCANIC LIMESTONE™ GLOSS WHITE BATHTUBS AND SINKS

For light daily use, we recommend rinsing the bathtub and/or sink with plenty of warm, soapy water. Volcanic Limestone™ has excellent stain resistance, but we recommend that bathtub and/or sink water containing additives (oils, bath salts, dyes etc.) is always drained and then the bath and/or sink cleaned with fresh, warm water immediately after use.

If any marks are not removed with this method, we recommend a mild, non-abrasive household cleaner. Should you need to clean the bathtub and/or sink with an abrasive cleaner, as may be required after heavy use or for any stubborn staining, we recommend the use of an automotive grade polish. Please note, abrasives will cause the disappearance of the glossy look over a long period and are not recommended. Always rinse any cleaning products off the bathtub and/or sink after use with fresh, clean water.

VOLCANIC LIMESTONE™ MATTE WHITE BATHTUBS AND SINKS

We recommend cleaning our Matte White products with warm, soapy water, as per the advice for Volcanic Limestone™ White Gloss products. All cleaning products should be fully rinsed off afterwards with fresh, clean water.

For any stubborn staining on products with a Matte White finish, we recommend the use of a fine scouring pad, such as Mr. Clean® Magic Eraser.

PAINTED BATHTUBS AND SINKS

For painted bathtubs and sinks, we recommend following the basic cleaning advice for Volcanic Limestone™ Gloss White and Matte White products for the interior of the bathtub and sink. For the exterior surfaces please see below:

Painted exterior surfaces with a gloss finish can be cleaned with neutral soaps and warm water. Painted sinks/ bathtubs, when ordered it is shipped with 1 bottle of touch up paint in the same finish ordered. If needed you may contact Customer Care to request. Anything more stubborn can be polished with a Polishing Kit, which is available from Customer Care.

Painted products with a matte finish should not be polished, and can be cleaned with a specialist matte finish cleaner such as Flitz. Specialist matte finish cleaners will help ensure the finish remains matte. Please follow the instructions on the packaging and ensure the cleaning is not under hard pressure as this can remove the matte finish. For stubborn staining we recommend obtaining a specialist matte or gloss cleaner from an automotive store.

VICTORIA + ALBERT® CARE AND MAINTENANCE

ACCESSORIES

We recommend that all accessories are dried with a soft cloth after each use to reduce any standing water that may contain impurities. Any residues from cosmetic products, aggressive cleaning products and similar products should be immediately rinsed away with clean water.

For head and back rests, as well as Tombolo bath racks, clean the product with a neutral soap and warm water, using a microfiber cloth.

REPAIR AND MAINTENANCE

Volcanic Limestone™ is scratch resistant. However, if any scratches do occur in extreme conditions, such as installation, these can be removed with the correct treatment.

For Volcanic Limestone™ Gloss White products, light scratches that cannot be felt with a finger nail may be removed by polishing with a fine cut automotive compound. If they still remain, try rubbing with a fine (2000 grit) waterproof abrasive paper on a sanding block with water. Re-polish the surface afterwards using a fine cut automotive rubbing compound - available from reputable auto supply or professional auto paint supply stores. For best results, limit sanding to the smallest possible area around the scratch.

Deep scratches that can be felt with a finger nail will require a more specific repair and we recommend you contact Customer Care to be talked through the steps.

For Matte White products, any light scratches that cannot be felt with a finger nail may be removed by rubbing in a circular motion with a scouring pad using light pressure. If they still remain, try rubbing with a fine (1500-2000 grit) waterproof abrasive paper on a sanding block with water. For deeper scratches, please contact Customer Care.

For painted bathtubs and sinks, we offer touch up kits for any minor scratches. Please contact our Customer Care team.

SCRATCH REPAIR INSTRUCTIONS

* For minor blemishes and scuff marks, skip to step 3

- 1) Start sanding the scratch down using the wet sandpaper in rapid straight motions using P 800 abrasive paper:
 - If the scratch is deep, widen the area to be sanded so as to avoid denting the surface. Sand until area has been “flattened”.
 - For more severe scratch, you can also use a gritty rubbing compound with a soft cloth, as it is more abrasive.
- 2) Continue to sand the area, progressively start using a finer grade paper P1500, then P2000 until the area is completely smooth to the touch.
- 3) The area that has just been sanded will have a matte look to it. To bring back the shine, use a car polish. Apply in circular motions over the sanded area until the compound is completely dissolved. The finish will begin to become glossier.
 - To achieve a perfectly polished finish and complete repair, use an electric polisher.
 - White polishing cloths and a fine polishing cream/ car wax such as 3M may also be used to create a polished finish

HOW TO ORDER RAL

PAINTED BATHTUBS — First select the model you desire and if you want it with (OF) or without (NO) overflow (as available). Then add one of the paint color codes listed below as a separate line item.

PAINTED SINKS — First select the model you desire and if you want it with (IO) or without (NO) overflow (as available). Then add one of the paint color codes listed below as a separate line item.

NOTES

TERMS AND CONDITIONS OF SALE ON ALL PRODUCTS

PRICES:

Prices and terms are subject to change without notice. Customer is responsible for payment of all applicable taxes.

FREIGHT:

Orders \$3,000 or greater (not including tubs, net sales) = Free Freight Allowed (FFA)
 Orders \$1 up to \$2,999 (not including tubs, net sales) with any Kitchen Sink(s) = \$155 Flat Fee
 Orders \$1 up to \$2,999 (not including tubs, net sales) with Brass and Lavatory Sink(s) = \$45 Flat Fee
 Orders with a bathtub = \$200 additional flat fee per tub
 Components and Spare Parts only (No complete faucets or fixtures) = Free Freight Allowed (FFA)
 Shipper reserves the right to ship merchandise by the method of our choosing.

ALL NON-INDUSTRY RELATED SHIP TO ADDRESSES, INCLUDING RESIDENTIAL DROP SHIP ORDERS:

Any order that is drop shipped to a consumer's home will be assessed a \$25.00 charge above all standard shipping and handling fees. \$100 additional for each bathtub. Drop Ship Fee Buy Line must be on the Original Purchase Order for the order to be processed, phone number for delivery set up required.

PAYMENT TERMS:

All orders are due in 30 days from date of invoice unless agreed upon in writing by an officer of ROHL LLC.

RETURNS:

Products may not be returned for credit or replacement without prior inspection and written authorization from ROHL LLC. There will be a charge of 25%* to cover handling and restocking for all authorized returns. Only merchandise currently appearing in our price list, which is in resalable condition, will be considered by ROHL LLC for return or replacement. Customer dissatisfaction is not a reason for return.

English Bronze, Old Iron, Tuscan Brass, Italian Brass, English Gold, Unlacquered Brass, French Brass, Satin Gold, Parchment and Pergame have acceptable variations that are normal and enhance the custom nature of each finish. Variation is not a reason for return.

LABOR:

No labor charges of any kind will be allowed.

CLAIMS:

All claims of lost, damaged or incorrectly shipped materials must be made to ROHL LLC within 10 days after receipt of goods. Any claims outside this time may be rejected by ROHL LLC. Service and replacement parts may be subject to a \$25 processing fee.

SHIPPING DAMAGE OR LOSS:

Delivery to the carrier constitutes delivery to customer. Any claim for loss or damage in transit should be made promptly by the customer to the carrier. Our responsibility ceases when the goods are delivered in good condition to the carrier.

PRODUCT CHANGES:

We reserve the right to discontinue, alter, modify, or redesign products without liability for the obsolescence of customers' inventories.

SPECIAL ORDERS:

All special order products are non-returnable and non-cancelable once the customer order is received by ROHL LLC. These orders may have a longer lead time than standard ROHL LLC products.

GENERAL:

The possession of this price list by anyone will not be accepted by ROHL LLC as an obligation or offer to sell any goods listed herein. All prices herein quoted supersede all prior price lists and bulletins. Existing trade terms continue in effect.

No order, contract or agreement will become an obligation until accepted in writing by ROHL LLC.

ROHL LLC does not have field service technicians. We are a sales and marketing company only. Sales Representatives do not perform in-home service.

Product that is handmade and is within tolerance of published dimensions will not be considered for return.

Shaws sinks continue to be handmade since the 1897 original design. Each sink is designed with a slight pitch to the drain, so standing water is normal. Standing water is not a reason for return.

* For details, please refer to the House of Rohl Freight Program

These Terms and Conditions shall be deemed to be a part of all such acceptance by ROHL LLC and shall supersede any conflicting provisions of customer's purchase order. These Terms and Conditions, any sales hereunder, and any claim, dispute, or controversy between the parties arising from or relating to these Terms and Conditions, their interpretation, or the breach, termination, or validity thereof, will be governed by and construed in accordance within the laws of the United States, without regard to conflict-of-laws rule. The parties hereby agree that the United Nations Convention on Contracts for the International Sale of Goods will not apply to these Terms and Conditions and to the purchase and sale of products hereunder and any statute which would otherwise apply which implements such convention is expressly excluded.

Other than any express limited warranty granted by ROHL LLC with respect to a product, ROHL LLC disclaims all warranties and conditions, expressed or implied, statutory or otherwise, with respect to the products, including, without limitation, any implied warranty of quality, merchantability or fitness for a particular purpose, as well as warranties arising from course of dealing and usage of trade, and ROHL LLC does not represent or warrant that any product will meet the customer's requirements. Customer may not use the ROHL LLC name or any ROHL LLC trademark, trade name, service mark, logo, or copyrighted work for any purpose. The sale of products by ROHL LLC does not constitute a license, implied or otherwise, for the use of any patents or know-how of others, nor does it constitute a license, implied or otherwise, on patents or know-how of ROHL LLC.

ROHL LLC WILL NOT BE LIABLE FOR ANY LOSS, DAMAGE OR INJURY RESULTING FROM DELAY IN DELIVERY OF THE PRODUCTS OR FOR ANY FAILURE TO PERFORM DUE TO CIRCUMSTANCES BEYOND OUR CONTROL OR THE CONTROL OF OUR SUPPLIERS, INCLUDING WITHOUT LIMITATION FAILURE OR DELAY IN TRANSPORTATION, ACTS OF ANY GOVERNMENT OR ANY AGENCY OR SUBDIVISION THEREOF, JUDICIAL ACTION, LABOUR DISPUTES, FIRE, ACCIDENT, ACTS OF NATURE, SHORTAGE OF LABOUR, FUEL OR RAW MATERIAL, OR MACHINERY OR TECHNICAL FAILURE. ROHL LLC'S MAXIMUM LIABILITY, IF ANY, FOR ALL DAMAGES, INCLUDING WITHOUT LIMITATION CONTRACT DAMAGES AND DAMAGES FOR INJURIES TO PERSONS OR PROPERTY, WHETHER ARISING FROM OUR BREACH OF THESE TERMS, BREACH OF WARRANTY, NEGLIGENCE, STRICT LIABILITY OR OTHER TORT WITH RESPECT TO THE PRODUCTS, IS LIMITED TO AN AMOUNT NOT TO EXCEED THE THEN-CURRENT WHOLESALE PRICE OF THE PRODUCTS. IN NO EVENT WILL ROHL LLC BE LIABLE TO CUSTOMER FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES, INCLUDING WITHOUT LIMITATION LOST REVENUES AND PROFITS, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Effective: 3/2021

Most products or parts carry “Limited Warranties” against manufacturing defects as defined below.

RESIDENTIAL 25 YEAR WARRANTY

Volcanic Limestone™ products are guaranteed for residential use for a period of 25 years.

PAINT FINISH EXTERIOR 2 YEAR WARRANTY

The paint finish exterior is guaranteed for a period of 2 years.

COMMERCIAL 8 YEAR WARRANTY

Volcanic Limestone™ products are guaranteed for commercial and business use for a period of 8 years.

ACCESSORIES 5 YEAR WARRANTY

Feet and bath accessories are guaranteed for a period of 5 years.

Please visit houseofrohl.com for complete warranty information

ROHL's Promise — A “Limited Warranty” means ROHL LLC will provide free of charge, at its option, replacement part(s) or product (or a comparable alternative product) to replace those which have proven defective in materials or workmanship within the warranty period on that product or part as stated above.

ROHL LLC will not assume liability for labor expended, freight cost or damages accruing from the use of the material purchased from us. If material is defective, the limit of damage is the price of the defective material. Proof of purchase (original sales receipt) from the original consumer purchaser must be made available to ROHL LLC for all warranty claims. The warranty is not transferable and is extended solely to the original purchaser of the product, so long as the product remains in its original installation.

Warranty Exclusions and Disclaimers — This warranty is for normal domestic use only and excludes defect or injury caused by or resulting from misuse, abuse, neglect, accidental damage or improper installation.

IN NO EVENT WILL ROHL BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES BASED ON BREACH OF WARRANTY, BREACH OF CONTRACT, NEGLIGENCE, STRICT TORT, OR ANY OTHER LEGAL THEORY. DAMAGES THAT ROHL WILL NOT BE RESPONSIBLE FOR INCLUDE, BUT ARE NOT LIMITED TO: LOSS OF PROFITS; LOSS OF SAVINGS OR REVENUE; LOSS OF USE OF THE PRODUCT OR ANY ASSOCIATED EQUIPMENT; COST OF CAPITAL; COST OF ANY SUBSTITUTE EQUIPMENT, FACILITIES, OR SERVICES; DOWNTIME; THE CLAIMS OF THIRD PARTIES, INCLUDING CUSTOMERS; AND DAMAGES OR INJURY TO PROPERTY.

This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

In addition, the Limited Lifetime Warranty and term Limited Warranties do not apply to the replacement of components where damage is caused by normal wear and tear, including without limitation excess mineral deposits from water. As a special note, avoid all cleaning products that contain abrasives, ammonia, bleach and alcohol. They may damage the finish. Also, use only non-silicone caulking adhesive or plumbers putty for installation. Do not use lead based acidic curing adhesive or mastic when installing product. Silicone caulking may also degrade brass material. The use of Blue RTV silicone during installation will void the product warranty. Due to the harsh environment of sun, wind, rain and snow, installing ROHL products for outdoor use voids the warranty.

General Disclaimer — All warranties other than the express Limited Warranty herein contained, including but not limited to any implied warranty of merchantability or fitness for a particular purpose, are limited in duration to the applicable warranty period set forth above, or the applicable limitations period set by your state, whichever is shorter. Some states do not allow limitations on how long an implied warranty lasts and some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

No Other Warranties — Unless modified in a writing signed by both parties, this agreement is understood to be the complete and exclusive agreement between the parties, superseding all oral or written prior agreements and all other communications between the parties relating to the subject matter of this agreement, including statements made by salespersons. No employee of ROHL or any other party is authorized to make any warranty in addition to those made in this agreement. The buyer is warned, therefore, to check this agreement carefully to see that it correctly reflects those terms that are important to the buyer.

Foreign Outlets Online — One of the benefits of the Internet is that it has granted consumers the opportunity to learn about and purchase products from previously unknown foreign companies. Unfortunately, some foreign distributors who sell the foreign versions of ROHL's products have promoted these products for shipment to the United States. Though prices may look appealing, these products are not designed to be installed in American homes and significant problems may result. ROHL uses domestic distributors to ensure that its products meet American plumbing installation standards and have American plumbing code approvals. ROHL will not service, warrant, nor provide customer support for product purchased from foreign distributors.

Commercial Limited Warranty — ROHL warrants its products installed in a commercial application to be free from manufacturing defects for a period of one (1) year from the date of acquisition by original owner. IN COMMERCIAL INSTALLATIONS, THE ONE-YEAR LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Effective: 3/2021

HOUSE OF ROHL

THE STORY CRAFT TELLS

We believe distinctive stories are what make life exceptional. At the House of Rohl, we pursue the discovery of time-honored craft that opens the door to stories unlike any other. Stories of place and provenance. Stories of dedication and passion. Stories of artistry and heritage. And the closer you look, the more you'll see, the details of your own story of a life well crafted.

EFFECTIVE MARCH 1, 2021

This price book supersedes all prices found in previous price books and is subject to change without notice.

Sold exclusively through fine decorative plumbing & hardware showrooms nationwide.
