Redefining the Modern Shower Experience

Create your own personal showering and wellness environment with ThermaSol's innovative line of products that unite smart home technology, engineering and ergonomic design.

Shower Exactly the way you want. ThermaSol's performance engineered products allow you to customize and control every part of your daily showering experience — from precision water volume and temperature control, to selecting your preferred water outlets, to activating steam, sound and light therapy systems.

Connect with the ThermaSol Smart Shower

More than a system, ThermaSol's products are a daily wellness experience, enabling you to shower exactly the way you want. A true personalized, integrated system.

Smart Touchscreen Controls

Program, adjust and activate any shower function down to the smallest detail with ThermaSol's in-shower smart touchscreen control options.

ThermaTouch 7" and 10"
Smart Touchscreen Control

Pro Series Steam Generators

ThermaSol has remastered its flagship steam generator, Pro Series, to deliver the industry's most advanced steam generator today in three robust models.

Pro Series III Steam Generator

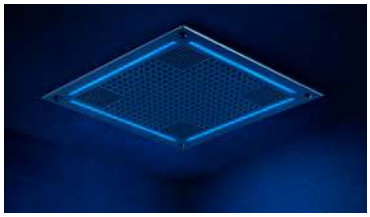
Digital Shower Valve

The Smart Digital Shower Valve allows precision control of water volume and exact temperatures.

Digital Shower Valve

HydroVive Light, Sound, Rain

HydroVive fuses ahead-of-its-time design and technology into a single module featuring full-spectrum lighting, enhanced audio, new rainhead effects and more.



HydroVive Light, Sound, Rainhead

ThermaSol Shower Fixtures

ThermaSol's new shower fixtures have been designed to coordinate with today's most popular contemporary bath styles in 5 different finishes.

ThermaSol Shower Fixtures

SteamVection Steamhead

Using the science of convection, the SteamVection Steamhead brings efficient floor-to-ceiling temperature uniformity into the steam shower experience at home.

SteamVection Steamhead

Serenity Light, Sound, Rain

Featuring a sleek new design, the Serenity Light delivers the healing power of full-spectrum color and light to balance the body's energy.

SLS Serenity Light, Sound, Rainhead

Bluetooth Speakers

ThermaSol's easy-to-install plug-and-play In-shower Bluetooth Speakers are perfect for those who want to amplify their daily shower experience with audio.

In-shower Bluetooth Speakers

Aromatherapy

Bring in the healing power of scent with ThermaSol's 100% organic Essential Oils by adding their natural essence into the steamhead reservoir.

Organic Aromatherapy Oils

Generator can be installed up to 50 feet away from shower 30 feet for digital shower valve.

Redefining the modern shower experience. ThermaTouch Smart Touchscreen Control

The ThermaTouch Smart Touchscreen Control manages all aspects of the smart shower and steam experience: lights, music, precision water and temperature control, shower outlet selections (classic showerhead, rainhead or handshower), dozens of apps, tranquility scenes, programmed sound therapy sessions, and even TV – all with a simple touch or voice command.

ThermaTouch 10" inch Smart Touchscreen Control with built-in microphone (shower screen shown)

Renewal through Light, Sound and Water

Taking a cue from the original Serenity Light, Sound and Rainhead, the engineers at ThermaSol have integrated the latest technology in a single, sleek, self-contained module for their next innovation: HydroVive.

In an industry first, HydroVive fuses full-spectrum LED lighting, enhanced audio technology for distortion-free sound, a dynamic new rainhead and other high-tech elements. The result is a true "ahead-of-its-time" showering experience that brings the multi-sensory powers of light, sound and water under the user's complete control. When paired with ThermaSol's Smart Shower Valve and ThermaTouch interface, the user can personalize every element of their shower.

HYDROVIVE

RENEWAL THROUGH LIGHT, SOUND AND WATER

HydroVive Rainhead
Dimensions: 18" x 18"

Lighting

- 200 full-color spectrum luminous LED (R,G,B,W)
- 1600 lumens max
- Color changing "Mood Lighting"
- Preset chromatherapy chakras

Audio

- Amplifier: 100 watt RMS, built-in digital signal processor
- Built-in Bluetooth v 4.2
- 2 - 1" titanium dome tweeter with Ferrofluid cooled aluminum voice coil
- 1 - 4" woofer
- Ferrofluid cooled aluminum voice coil and a rubber surround for a very natural sounding high-frequency reproduction

Speakers

- Four state-of-the-art speakers deliver low distortion, natural response, and amazing high-frequency capability
- Dual neodymium motor to create a symmetrical magnetic field for superb control
- Large copper cap lowers distortion while improving high frequency response
- Vented aluminum voice coil former with exceptional heat dissipation for high power handling
- Exclusive 12-spoke open frame design provides extensive venting and minimal reflection

Serenity, Light, Sound, Rainhead

Featuring a sleek new design, the Serenity Light delivers the healing power of full-spectrum color and light to balance the body's energy.

Rainhead
10" x 10" x ⅝" d

- Water sensation, gentle falling water sensation through two rings of 82 jets
- Full spectrum of color
- LED Lights provide a full-color spectrum up to an estimated 684 lumens, as well as provides adjustable ambiance shower lighting
- Crisp sound, built-in, high-performance audio system. High-performance trilinear sub-woofer with high-frequency drivers and high-efficiency class D amplifier
- Bluetooth® enabled operates with the Smart Touchscreen Controls and your own Bluetooth® music-source devices

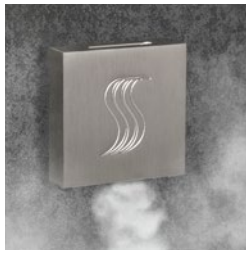
In-shower Bluetooth Speakers

Stream your favorite playlists in the shower with ThermaSol's state-of-the-art in-shower Bluetooth Speakers. Pair the speakers with ThermaTouch controls for an even more personalized and immersive showering experience. Installation is easy — just plug and play! No steam required. No additional equipment needed.

- Available in Group A/B finishes
- Input power: DC12V/1A
- Bluetooth version: 2.1+EDR
- Stereo
- Speaker unit: 8ohm 5W/10W (Max)
- UL Approved

Bluetooth® Speakers
5" x 5" x 4 ½" d

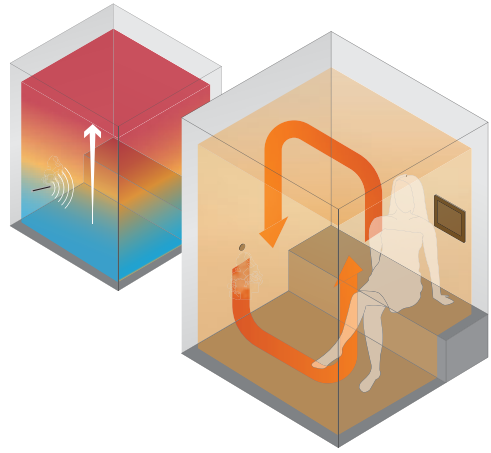
SteamVection



SteamVection Steamhead
1 ¾" x 1 ¾"

ThermaSol's SteamVection steamhead brings the benefits of a world-class spa into your home with the industry's most advanced, reliable and efficient equipment available. Using the science of convection, this state-of-the-art design delivers floor-to-ceiling temperature uniformity within the steam shower while adhering to ThermaSol's trademark functionality, design and safety. This means consistent and even temperature zones for ThermaSol Smart Shower users — not the variable heat ranges that typically occur in steam showers. ThermaSol's steamhead also allows the closest proximity to the outlet, called "the steam emitting area."

Without SteamVection, steam shower room temperatures may result in uneven temperature distribution.



ThermaSol steam showers create floor-to-ceiling temperature uniformity

Digital Shower Valve

With a minimalist look desired by top architects, ThermaSol's Digital Shower Valve eliminates the need for exposed valves and trims. The integrated system reduces installation costs and allows the budget to be invested into building a state-of-the-art shower environment.

- Industry leading ceramic disc Flühs valves ensures reliability and safety
- Operates two industrial grade stepper motors with 400 positions that take away the noise factor found with solenoid valve systems and provides precise temperature control
- May be installed up to 30 ft. away from shower
- Three output valve - Example: Rainhead, Hand Shower and Standard Showerhead
- Battery backup included
- Output 9.25 GPM at 45 PSI
- IAPMO Approved

Digital Shower Valve
10 ⅜" x 7 ⅛" x 3" d

Steam Only Controls

MicroTouch Control

Available in 2 styles

Contemporary Round (flush with the wall)
Modern Square (recessed into the wall)

- Capacitive touch technology (CTT) similar to a touch screen
- Built-in temperature sensor (ITS)
- Set desired steam shower temperature
- Recall previous temperature
- Preset 45-minute timer
- Operates Auto PowerFlush™
- Operates FastStart™

MicroTouch Contemporary Flushmount Control
3" x 3"

MicroTouch Modern Recessed Control
3 ¾" x 3 ¾"

Signature Series

Available in 2 styles

Contemporary Round (flush with the wall)
Modern Square (recessed into the wall)

- Digital display of steam time duration, and desired room temperature
- 2 user profiles for customization of steam time and temperature
- Day clock displayed when not in use
- Operates Auto PowerFlush™
- Operates FastStart™

Steam... Simple As I-II-III

As one of the industry's most technologically advanced and robust steam generators, the PRO Series has reset expectations for achieving modern wellness at home.

Now offered in three distinct models, the Pro Series combines the latest technology with ThermaSol durability, performance and efficiency to ensure a consistent steam shower experience every time. Each Pro Series model is crafted with the same industrial-grade stainless steel and lifetime warranty, plus performance-engineered to deliver constant steam at a constant rate, split-tank technology and state-of-the-art energy efficiency technology. Pro Series II and III offer the next level of sophistication with an advanced cleaning system. Pro Series III is the only model to feature the ultimate in smart steam temperature control.

	PRO SERIES I	PRO SERIES II	PRO SERIES III
No Questions Asked Lifetime Warranty (THERMASOL EXCLUSIVE) Parts & Labor: 2 years in home, lifetime at factory. **Only from ThermaSol.**	●	●	●
Latest Digital Technology (THERMASOL EXCLUSIVE) The Controller Area Network (CAN Bus) is the nervous system, enabling intelligent communication through all connected ThermaSol devices	●	●	●
Constant Steam at a Constant Rate (THERMASOL EXCLUSIVE) No noisy irritating steam lags or bursts; constant steam flow, always.	●	●	●
Split Tank Technology (THERMASOL EXCLUSIVE) Provides longevity through design.	●	●	●
FastStart Technology Steam in seconds, not minutes.	●	●	●
PowerFlush - The Most Advanced Cleaning System (THERMASOL EXCLUSIVE) Most competitors use a drain gravity system which does not completely eliminate sediment. ThermaSol uses a pressurized inner tank system to remove sediment.		●	●
Stainless Steel Drain Pan Included.			●
PATENTED Smart Steam - The Ultimate in Temperature Control Providing the ultimate steam bathing experience, no irritating temperature fluctuations. The most desired feature in the steam .			●

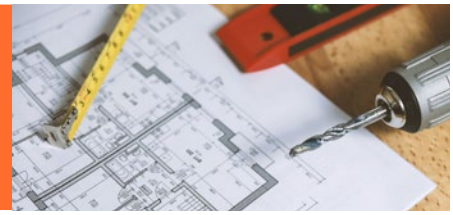
+ ELECTRICAL REQUIREMENTS

Units over 50 AMP must be hard wired. Use copper wire rated at 90º C per NEC.

‡ Acrylic modules must be approved for steam use.

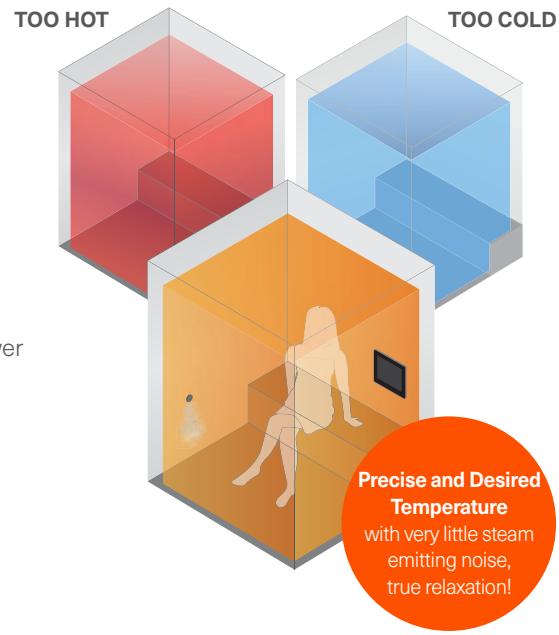
Simple Sizing Formula: Shower L x W x H = Cubic Feet

For every foot of ceiling height over 8 ft., choose next size generator. (up to 10 ft.) All interior wall material is irrelevant.



Innovations and Industry Firsts

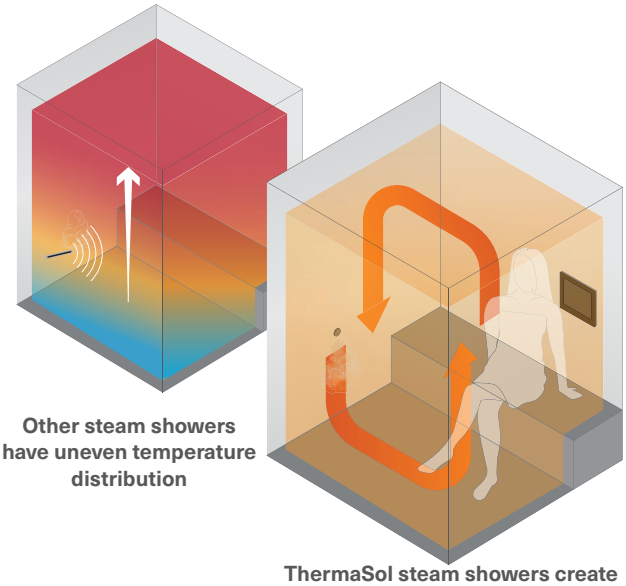
Combining revolutionary smart home technology with six decades of engineering expertise, ThermaSol has created the most advanced steam shower experience available on the market today.



SmartSteam (PATENTED)

The ultimate in temperature control.
Available on ProSeries™ III model only

How it Works: SmartSteam™ produces the precise volume of steam required to maintain your desired room temperature while providing a quiet, relaxed experience. This is accomplished by metering the output of power; the unit only uses enough power to support your requested temperature – no more, no less.



Other steam showers have uneven temperature distribution

ThermaSol steam showers create floor-to-ceiling temperature uniformity

SteamVection (THERMASOL EXCLUSIVE)

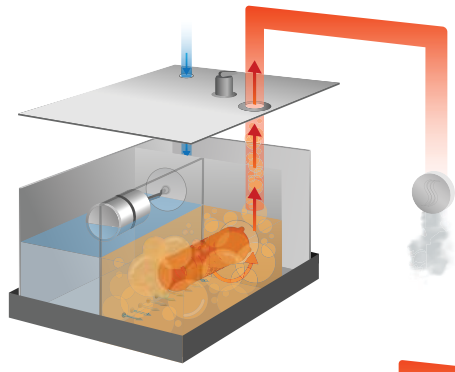
Industry best for room temperature uniformity

How it Works: SteamVection delivers floor-to-ceiling temperature uniformity within the steam shower so there are no variable heat ranges. ThermaSol's steamhead can also be placed a mere three inches from the wall, thereby avoiding intrusion into one's usable shower space.

Split-Tank Technology (THERMASOL EXCLUSIVE)

Longevity and performance through design

How it Works: Water is pre-heated in the water reservoir and passes to the boiling side only at the exact rate of steam production.



PowerFlush (THERMASOL EXCLUSIVE)

Your very own cleaning technician

How it Works: PowerFlush was specifically engineered to purge calcification build-up from the inner tank. This unique system uses a combination of household water-line force (40 to 80 lbs.) and specially designed inner tank "speed slots" to increase the water velocity. This concentrated thrust of water pressure effectively sweeps the bottom of the tank, removing build-up.

Traditional Sauna Heaters, Rooms and Custom Cut Sauna Rooms

Email **Sauna@ThermaSol.com** or call 800.776.0711 to inquire about custom pricing.
Pricing is subject to change based on lumber/wood costs.

From traditional modular sauna rooms and custom cut sauna rooms to commercial sauna applications, ThermaSol's many options help to create a truly customized sauna environment. Sauna Heater features include triple wall construction for safety, stainless steel elements for longevity, built-in heater control, and remote digital time and temperature control located on the outer sauna wall.

PowerPak III Commercial Generators

The most advanced commercial generator on the market, Power Pak III is a complete system for health clubs and spas offering reliability, efficiency, programming and service for up to four rooms at a time. Set the ideal temperature, and it's always ready to use.

PowerPak Series III generator
19" x 18 1/8" x 32" h

A PowerPak 3 Generators can be plumbed up to 50 feet from steam room.

B Master Control Start-up, shut down, standby temperature, room temperature, diagnostics, cleaning cycle; all controlled precisely to your club hours, 7 days per week.

C Commercial Steamhead

D Outside room timer activates steam session, while your chosen standby temperature avoids a cold start.

E In-Room Temperature SensorUltra durable billet construction.

We're Here to Help

To discuss how ThermaSol products and features can fit into your unique project, schedule a one-on-one consultation at www.thermasol.com/scheduleappointment.

Experienced customer service professionals, as well as facility-trained field support staff, are also available at 800.776.0711 to assist you with the design process.

Complete installation instructions for all models are available at www.thermasol.com.

WARNING: Always have shower closed when steam shower is operating. Do not use this product unless you have consulted with your doctor and received written permission to do so. Use of this product may be hazardous to your health.

Never attempt to fill aroma reservoir on the steamhead when unit is in the "ON" position. Severe burns will occur. Steam is HOT! Do not touch or go near the steamhead from the time the unit is "ON", up to one hour after it has shut off. Severe burns will occur if you come in contact with the steamhead or steam emitting from the steamhead. Your shower may be a slip and fall hazard. Check with your contractor or flooring manufacturer regarding the safe use of your flooring in a steam application. Slipping and falling into the steamhead itself or into the stream of steam emitting from the steamhead will cause serious burns, or physical injury. If you are feeling dizzy, faint or starting to fall asleep immediately exit the steam room. Do not use steam room under the influence of alcohol or drugs, as this can be hazardous to your health. Do not use aromatherapy oils or skin care products or any product in conjunction with your steam unit without consulting with your allergist or doctor before use. These products may be hazardous to your health. Do not use steam room if you are under the age of 16 unless you are supervised by an adult. Specifications and prices are subject to change without notice. All prices shown are in US dollars. All products must be installed in accordance with installation instructions provided. Failure to do so may invalidate warranty at manufacturer's discretion. After January, 2011 please confirm pricing. Terms: All orders NET 30. Minimum order - $15.00. All Sauna Equipment FOB Factory. All Steam Equipment FOB California Restocking charge of 15% for pre-approved returned merchandise. All returns require a ThermaSol RMA number. ©2019 ThermaSol.
